Mentalix, Inc. agrees to provide the services specified below, subject to the terms and conditions set forth in this Agreement for the software and live scanner represented by the above serial number(s). (If purchase includes additional hardware or third-party software, see the manufacturer(s) for maintenance information on those products. The Mentalix Maintenance Agreement only covers Mentalix software products and the live scan device.)

SOFTWARE SERVICES: Annual maintenance for Mentalix software products includes one year of phone/e-mail/remote support (weekdays 8am-5pm Central Time Zone, excluding holidays) for Fed Submit software, plus Fed Submit maintenance releases (corrections & updates). Mentalix can perform remote technical support – under the customer’s initiation and control – for problem resolution and/or periodic maintenance procedures. Requires that customer has PC Anywhere.

HARDWARE SERVICES: Live scan hardware maintenance covers depot repair/replacement of equipment for any problems that arise during normal, wear-and-tear use of equipment. The supplier warrants that the equipment will be free from defects in title, design, material and workmanship and will conform to the applicable specifications under normal use and service. This maintenance agreement covers repair or replacement of any non-conforming equipment during the effective agreement dates listed above. This maintenance agreement does not cover any non-conformity in the equipment caused by repairs or alterations except by the supplier, or by misuse, negligence or accident.

FED SUBMIT MAINTENANCE AGREEMENT

Mentalix strongly recommends that all customers with Fed Submit systems purchase maintenance and renew the maintenance contract(s) on an annual basis for the following reasons:

- **Protect your investment.** If you purchased a live scanner with your system, you invested several thousand dollars to obtain that device. Without a maintenance contract on the live scanner, if it breaks down, you will have no recourse except to purchase a brand new device. With an annual maintenance contract, Mentalix will provide depot repair/replacement of the live scanner for any problems that arise during normal, wear-and-tear use in a manner that will minimize down time.
- **Keep your system in sync with changes from the governing agency to which you submit fingerprint transactions.** Mentalix's Fed Submit system is tailored to the specific needs of law enforcement agencies that submit records to governing law enforcement agencies or civilian clearinghouses. Mentalix reacts quickly to updates from these destination agencies that affect operation of the Fed Submit system (changes in the criminal offense codes, for example) by making updates available immediately and by staying on top of changes. Annual software maintenance from Mentalix includes maintenance releases for the duration of the agreement. Maintenance releases (designated by the minor identifier to the right of the version number decimal point) consist of problem corrections and updates. The Mentalix Maintenance Agreement ensures that users have the most up-to-date maintenance version of their purchased Mentalix software.
- **Get technical assistance for software.** Annual Maintenance for Fed Submit includes one year of phone/e-mail/remote support (weekdays 8am-5pm Central Time Zone, excluding holidays) for Fed Submit software. Mentalix can perform remote technical support – under the customer's initiation and control – for problem resolution and/or periodic maintenance procedures.
- **Avoid long-term problems and costly on-site maintenance visits.** Fed Submit software's proactive, automatic maintenance service allows Mentalix to perform pre-emptive maintenance tasks, make system improvements, monitor fingerprint image quality, notify destination agencies and clearinghouses of problems, and address staff training issues before they become lingering problems that may lead to significant maintenance or training costs later. This service offers a huge advantage over periodic, on-site tune-ups that may not give a complete problem diagnosis and may not catch issues (e.g., network problems, spam blockers that quarantine legitimate fingerprint submissions or results, and user errors) soon enough. An automated, proactive maintenance service enables Mentalix to assess such issues immediately and also to save time in correlating user-reported problems with ongoing system status.

Mentalix, Inc. agrees to provide the services specified below, subject to the terms and conditions set forth in this Agreement for the software and live scanner represented by the serial number(s) on the attached quotation. (If purchase includes additional hardware or third-party software, see the manufacturer(s) for maintenance information on those products. The Mentalix Maintenance Agreement only covers Mentalix software products and the live scan device, if applicable.)
