WALTER G. DIGGLES
Executive Director

04-27-2010

Steve Hullihen
Polk County IT Department
Livingston, Texas 77351

Steve,

Deep East Texas Council of Governments awarded Polk County HomeLand Security Funds to purchase communications equipment on the FY2008 and FY2009 Grant. DLS is on the list of authorized equipment that can be purchased with Homeland Security funds. It is a matter of Judge Thompson requesting DETCOG to request this equipment for reimbursement for Polk County. The cost of the DSL is \$95.00 per month for 12 months for \$1,188.00 and a one time installation cost of \$99.00. This can be paid for with Homeland Security funds that are available to Polk County.

DETCOG will request this equipment will be approved by the State Administration Agency (SAA) when Judge Thompson or someone speaking for Judge Thompson advised me to request this equipment.

I hope this answers your questions.

Don Morris
