Re: Polk County Redistricting

Dear Judge Thompson and Commissioners:

Please find enclosed a letter of preclearance issued by the Department of Justice on January 11, 2012, for the 2010 submission of new commissioners court, justice of the peace and election precincts. Please file this preclearance letter in the minutes of the Commissioners Court, and insure that it is indexed properly so that it might be easily located and referred to in the future.

You will also find enclosed three (3) copies of the Submission to the Department of Justice on behalf of Polk County.

Please do the following with the enclosed copies:

1. One copy should be filed of record in the Minutes of the Commissioners Court. Please index and file this copy of the submission so that both the submission and the preclearance letter are filed in close proximity to each other in the minutes;
2. One copy should be made available for public inspection as a reference copy should any member of the public ask to see the submission; and
3. One copy (CD) should be kept for future reference in another location, such as the County Judge's office, or some other suitable location.

I have also provided a Public Notice (in English and Spanish) which should be posted as are other legal notices for three (3) consecutive weeks, as well as published in a newspaper of general circulation in the County once weekly for three (3) consecutive weeks.

We are appreciative of the support and assistance provided by Polk County officials and employees. Should you have questions regarding this matter, please feel free to call upon us.

Sincerely,

Robert T. Bass

Dear Mr. Bass:

This refers to the 2011 redistricting plan for the commissioners court, justice of the peace and constable precincts, the realignment of voting precincts and the voting precinct and polling place changes, for Polk County, Texas, submitted to the Attorney General pursuant to Section 5 of the Voting Rights Act of 1965, 42 U.S.C. 1973c. We received your submission on November 21, 2011; additional information was received on November 30, 2011.

The Attorney General does not interpose any objection to the specified changes. However, we note that Section 5 expressly provides that the failure of the Attorney General to object does not bar subsequent litigation to enjoin the enforcement of the changes. Procedures for the Administration of Section 5 of the Voting Rights Act of 1965, 28 C.F.R. 51.41.

Sincerely,

**Submission under Section 5 of the Voting Rights Act**

[52 FR 33409, September 3, 1987; 58 FR 51225, October 1, 1993]

Submitting Authority: Commissioners Court, Polk County, Texas

Submission for pre-clearance following Redistricting of (1) County Commissioners Court Precincts, conformation of underlying (2) Election Precincts, and (3) Justice of the Peace Precinct boundaries. Revised (4) Polling Places are also submitted for pre-clearance.

**Request for Expedited Consideration:**

Under State law, (Tab 11), proposed boundary changes will require administrative steps necessary to implementation on the following dates:

**November 12, 2011:** State law, i.e. §172.023 and Section 201.054 of the Texas Election Code, establishes a filing deadline for all parties seeking election to State or County offices by party primary. In order for candidates to be aware of their residence within the proposed boundaries herein submitted, and thereby determine their eligibility as a potential candidate, pre-clearance is required before the expiration of this filing deadline. (Senate Bill 100, which amended prior statutory law, is still being reviewed by the Department of Justice at the time of this submission).

**December 6, 2011:** State law, i.e. §14.01 of the Texas Election Code, requires voters to be mailed new voter registration cards by December 6, 2011. Election Administrators will be required to identify voters affected by any boundary changes, prepare preliminary mailing lists, and be ready to mail new voter registration cards by December 6, 2011.

**March 6, 2012:** State law, i.e. §41.007 of the Texas Election Code, establishes a primary election date of the first Tuesday of March in each even numbered year.

*On November 4, 2011, a three judge panel of the United States District Court for the Western District of Texas-San Antonio Division, in Cause No. 11-CV-360, 361, 490, 592, 615, 635, and 788-OLG-JES-XR, styled Perez, et al v. State of Texas, entered Orders which affect the previously stated statutory deadlines and other matters related to the 2012 March Primary. A copy of this Order is incorporated herein by this reference, and is attached hereto under Tab 11 of this submission.*

Therefore, in order to permit orderly elections in March, 2012, and to allow for regular administrative procedures, such as the issuance of new voter registration cards in compliance with existing state law, expedited consideration and pre-clearance is requested. In order to satisfy state law, pre-clearance prior to December 14, 2011 is requested.

## **TABLE OF CONTENTS**

TAB 1: 28 CFR §51.27 (a):

### **ORDERS EMBODYING A CHANGE AFFECTING VOTING**

On 7/29/11, by way of an Order for Redistricting for Commissioners Court Precincts, the Commissioners Court of Polk County entered an Order which reapportions the population of Polk County in compliance with Constitutional obligations, and in conformity with the Voting Rights Act, may be found under Tab 1 of this submission.

On October 11, 2011, the Commissioner Court adopted a Supplemental Order which conformed the County Election Precincts to the new commissioners' court boundaries, and authorized a new polling place for a new election precinct.

TAB 2: 28 CFR §51.27 (b):

### **INITIAL ASSESSMENT OF EXISTING POLITICAL BOUNDARIES**

An assessment of the existing boundaries of the Commissioners Court Precincts, and underlying election precincts and Justice of the Peace precincts to be amended or changed by this submission may be found under Tab 2 of this submission.

TAB 3: 28 CFR §51.27(c):

### **STATEMENT OF CHANGE AND SUPPORTING MAPS AND DATA**

Due to population changes revealed by the 2010 Federal Census, the previously existing precleared boundaries of Polk County, Texas required adjustment in order to avoid unacceptably high deviations in terms of population balance between the four Commissioners Court Precincts, the representative offices responsible for county policy under Texas law. See Article V, Section 18, Texas Constitution. All changes in Commissioners Court precincts necessitated by the population imbalance revealed by the 2010 Census have been made in compliance with Section 2 and 5 of the Voting Rights Act of 1964 (42. U.S.C. §1973c).

Maps and Charts demonstrating the changes between the previously precleared precincts and the resulting 2011 proposed changes, are contained under Tab 3 of this submission.

The submitting authority is the Polk County, Texas Commissioners Court. Authority to make the changes subject of this submission is vested upon the Commissioners Court by Article V, Section 18 of the Texas Constitution, and Chapter 42 of the Texas Election Code.

TAB 5: 28 CFR §51.27(i)-(j):

### **OPERATIVE DATES FOR ADOPTION AND IMPLEMENTATION**

An Order Adopting a Redistricting Plan for Commissioners Court precincts was adopted by the Polk County Commissioners Court on 7/29/11. A true and correct copy of that Order may be found under Tab 1 of this submission.

A Supplemental and Final Order conforming Election Precincts and Justice of the Peace Precincts was subsequently adopted by the Polk County Commissioners Court on 10/11/2011. A true and correct copy of these Orders may be found under Tab 1 of this submission.

The changes proposed by this submission will take effect January 1, 2012, subject to preclearance.

TAB 6: 28 CFR §51.27(k)-(l):

### **STATEMENT OF NON-IMPLEMENTATION**

The changes proposed by this submission have not been implemented, subject to preclearance under Section 5 of the Voting Rights Act.

The changes proposed affect the entire jurisdiction.

TAB 7: 28 CFR §51.27 (m):

### **REASONS FOR CHANGE**

The changes proposed to the existing precleared boundaries are designed to address population imbalance between the four Commissioners Court precincts, and to comply with the Voting Rights Act in a manner to maintain minority voting rights. Statistical data sufficient to support this requirement are found under Tab 2 of this submission.

The proposed plan was developed by consultation with retained legal counsel, and by conduct of a Public Hearing after due notice in both English and Spanish. Details regarding the public hearing are found under Tab 14 of this submission.

The Commissioners Court adopted the Redistricting Plan for Commissioners Court Precincts on 7/29/11. Subsequently, a Supplemental Order with conformed Election Precincts, and Justice of the Peace Precincts was adopted by the Commissioners Court on October 11, 2011. Please note that the Commissioners Court and Justice of the Peace precincts are co-extensive and identical in boundary. Copies of these Orders may be found under Tab 1 of this submission. Copies of the Resulting Boundaries may be found under Tab 3 of this submission.

TAB 8: 28 CFR 51.27 (n):

### **ANTICIPATED EFFECT OF CHANGE ON RACIAL, ETHNIC OR LANGUAGE MINORITIES**

The proposed boundaries meet or exceed the benchmarks established by the existing precleared boundaries. The proposed plan retains significant minority representation in Commissioners' Court Precinct 3 of 21.46% voting age African American population, and 15.85% voting age Hispanic population. This minority population exceeds the minority content of the same Commissioners Court Precinct in 2001, which was then 24.10% African American, and 10.81% voting age Hispanic.

No retrogression or dilution of minority voting potentials is reflected in the proposed plan.

TAB 9: 28 CFR 51.27 (o)

### **PAST OR PENDING LITIGATION AFFECTING VOTING RIGHTS**

There is no pending litigation affecting Polk County, Texas.

Litigation filed in past, if any, has been fully complied with, and is no longer binding upon the ability of Polk County, Texas to freely reform its political boundaries without consent of

any state or federal court. Copies of final Orders, (if any), relevant to any prior litigation are found under Tab 4 of this submission.

TAB 10: 28 CFR 51.27 (p).

### **STATEMENT THAT PRIOR PRACTICE WAS PRECLEARED**

The existing plan for county Commissioners Precincts, Justice Precincts and Election Precincts has been in effect since 2002, and was precleared by the Department of Justice on December 28, 2001. See DOJ 2001-3653. A copy of the preclearance letter relevant to this date may be found under Tab 10 of this submission.

TAB 11: **TEXAS STATUTORY PROVISIONS**

Texas Statutes relevant to redistricting may be found under Tab 11 of this submission.

### **CFR 51.28:**

#### **a. DEMOGRAPHIC INFORMATION:**

1. Total and Voting Age population of the Affected Area before and after the proposed change may be found under Tabs 2 and 3 of this submission.
2. Registered voter information:

Texas does not record or require race or language group identification during the voter registration process. Therefore, registration information by race or language groupings is not available for inclusion in this submission. New voter registration cards will be prepared and mailed in December of 2011, but at this time, registration information for the new districts is not available for inclusion in this submission.

3. Population estimates

Only census block based data has been used in this submission. No populated census blocks have been split with the exception that some portion of populated census blocks may have been split to allow the location of a polling place within an area that had no other suitable location to be utilized as a polling place. In these cases, no population was allocated to that portion of the split census block occupied by the polling place itself, and all population of the remaining portion of the census block was left intact within the jurisdictional boundaries of that census block.

#### **b. MAPS**

1. Maps of the existing precleared plan may be found under Tab 2 of this submission.
2. Maps of the proposed plan may be found under Tab 3 of this submission.

3. Maps showing the location of racial and language minority groups may be found under Tab 2 of this submission.
4. Census blocks were used as the exclusive basis for redistricting. Where available, natural or man-made physical boundaries have been used to define the outer boundaries of all election precincts. Where necessary to retain population balance or to achieve minority concentrations in census blocks using non-physical boundaries, such boundaries are defined in the physical descriptions by the best available description.
5. Where possible, prior polling place locations have been retained. Where necessary changes in election precinct boundaries have dislocated existing polling places, the County has made every effort to locate reasonably suitable polling places for the reformed election precincts. A list of the new polling places is located under Tab 3.
6. Texas allows for a variety of methods and opportunities for voter registration. The proposed changes do not limit or otherwise affect voter registration.

POLK COUNTY, TEXAS

FINDINGS OF FACT REGARDING POLITICAL BOUNDARIES  
OF POLK COUNTY, TEXAS  
FOLLOWING PUBLICATION OF 2010 CENSUS DATA  
AND  
ORDER FOR REDISTRICTING OF POLITICAL BOUNDARIES

On the 12<sup>th</sup> day of April, 2011, the Commissioners Court of Polk County met in regular/called session, having posted notice of said hearing in compliance with Chapter 551 of the Texas Government Code.

The Commissioners Court of Polk County has previously retained the firm of Allison, Bass & Associates, LLP, of Austin, Texas, to conduct an Initial Assessment of existing political boundaries of Polk County, following the issuance of census data by the United States Census Bureau. Attached to this Order, and incorporated herein for all purposes by reference, is a copy of the initial assessment conducted by Allison, Bass & Associates, LLP. This assessment is based upon PL94-171 data, as required by federal law, and is further based upon information provided to Allison, Bass & Associates, LLP by the Texas Legislative Council, the Texas Association of Counties and by Polk County, Texas.

Based upon this information, Polk County has a total maximum deviation of 27.13%. The term total maximum deviation is determined by dividing the total population of Polk County by four, the number of Commissioners Court precincts to determine an ideal precinct size. The actual population of each precinct is then determined, based upon the official population data contained within the census count, as defined by Public Law 94-171. The actual population of each precinct is compared to the ideal precinct size and with that, a range of deviation by percentage is determined. Any total maximum deviation in excess of ten percent (10%) is presumptively unconstitutional under established federal law.

As a result of this determination Polk County has a constitutional duty to redistrict its political boundaries so as to achieve "One-Person-One-Vote" numerical balance between the four commissioners court precincts at a legally acceptable margin of deviation, and to make such changes as are necessary to comply with the Voting Rights Act and applicable state and federal law.

IT IS THEREFORE ORDERED, ADJUDGED and DECREED that the Commissioners Court of Polk County, Texas, finding that it has a legal duty to exist to redistrict and that the public interest will be served by redrawing the existing political boundaries of Polk County in such a manner as to comply with applicable state and federal law, the Commissioners Court hereby enters the following findings of fact and law:

1. Polk County has a total maximum deviation, as defined in this order, of 27.13%.
2. Any total maximum deviation in excess of ten percent (10%) is presumptively unconstitutional under federal law.
3. Polk County, acting by and through its Commissioners Court, is hereby resolved to immediately undertake such necessary and appropriate action to accomplish redistricting of existing commissioners court precincts, and any incidental modification of either existing, consolidated, or newly created election precincts necessary to accomplish such redistricting.
4. The Commissioners Court shall henceforth convene in open meetings, duly posted in accordance with the Texas Open Meetings Act, to take up and consider one or more alternative plans for the legal redistricting of Polk County.
5. After due consideration of one or more alternative plans, Polk County shall adopt a plan deemed to satisfy legal requirements, and which best suits the legitimate governmental needs of Polk County.
6. Such plan shall, after adoption, be submitted to the United States Department of Justice for review as required by 42 U.S.C. §1973, otherwise known as the Voting Rights Act.
7. Only upon preclearance shall such plan, or a plan subsequently modified to obtain preclearance, be implemented for elections in the year 2012 and thereafter, or until a suitable substitute has been lawfully adopted.

Signed this 12<sup>th</sup> day of April, 2011.

  
County Judge, Polk County

## ORDER

### AN ORDER OF THE COMMISSIONERS COURT ESTABLISHING CRITERIA FOR REDISTRICTING OF COUNTY POLITICAL BOUNDARIES IN POLK COUNTY, TEXAS

The Commissioners Court of Polk County, Texas, meeting in a duly scheduled and posted meeting, does hereby adopt the following criteria for use in the redistricting of all county political boundaries. Any plan for the redistricting of County Commissioners, Justice of the Peace, or election precincts should, to the maximum extent possible, conform to the following criteria:

1. The plan should insure that all applicable provisions of the U.S. and Texas Constitutions, the Voting Rights Act, the Texas Election Code are honored.
2. The plan should address minority representation, and if at all possible in conformity with constitutional standards, avoid retrogression in the percentage of population and voting age demographics consistent with existing minority representation.
3. The plan should preserve minority communities of interest. These communities of interest should be recognized and retained intact where possible. Only when the overall minority population of the county is sufficiently large to require more than one minority district should minority populations be divided, and only then to the least degree possible.
4. The plan should not, however, attempt to unreasonably join geographically remote minority populations into a single precinct unless there are strong and genuine connections between these communities as reflected by common schools, churches, or cultural ties. For example, minority populations in two separate towns, located miles apart, may not have sufficient links or common political cohesion to justify joining these two minority population centers into a single electoral group. Particularly when dealing with distinct minority groups, such as Black and Hispanic populations, a general assumption that separate minority populations will vote in a "block" may be unsupportable in fact.
5. The plan should seek compact and contiguous political boundaries. Physical boundaries such as rivers, which tend to divide populations in fundamental ways, should be recognized and communities of interest should be retained intact where possible. To the maximum extent possible, clearly recognized boundaries should be used to facilitate ease of voter identification of boundaries, as well as election administration.
6. Where possible, well-recognized and long used election precinct boundaries should be retained intact (within the limitations imposed by state and federal law) or with as little alteration as possible.
7. Election precincts in the plans should be sized in conformity with state law. For example, in counties that use traditional, hand counted paper ballots, no election precinct may contain more than 2000 voters. In counties with voting systems that allow for automated ballot counting, this number may be increased to as many as 5000 voters.

8. The plan should afford incumbent office holders with the assurance that they will continue to represent the majority of individuals who elected these incumbents, and all incumbents' residential locations should be retained in their reformed precincts to insure continuity in leadership during the remaining term of incumbents.
9. The plan should address fundamental and necessary governmental functions, and to the extent possible, insure that these functions are enhanced rather than impaired. For example, county road mileage should be balanced to the extent possible between the resulting commissioner's precincts. Election administration should not be unduly complex as a result of election boundaries.
10. The plan should insure that election voting precincts under that plan do not contain territory from more than one commissioners precinct, justice precinct, congressional district, state representative district, state senatorial district, or city ward, if the city has a population of 10,000 or more (this is a strict legal requirement, but city election wards should be honored in virtually all circumstances, with city and rural county voters being kept in separate voting precincts to the extent possible), State Board of Education districts, and where they exist, other special election districts, such as water, hospital, or navigation districts to provide to the greatest extent possible harmonious administration of various election jurisdictions.
11. The plan should attempt to locate polling places in convenient, well-known locations that are accessible to disabled voters to the maximum extent possible. Public buildings should be utilized to the maximum extent possible as polling places. Where necessary, buildings routinely open to the public, such as churches, retail businesses, or private buildings dedicated to public activities, should be used as polling places.

The foregoing criteria are deemed to be illustrative, but not exclusive, examples of fundamentally important issues, which should be considered in any redistricting, plan. Therefore, the Commissioners Court expresses its intention to measure any plan submitted for consideration by this set of criteria, and to base any eventual exercise of discretion upon the foregoing criteria.

The criteria approved this date were considered in open Court, following posting not less than 72 hours before any action taken on the same. Upon motion by Commissioner Willis, second by Commissioner Vincent, the Court adopted the criteria set forth herein by a vote of 5 to 0.

Signed this 9<sup>th</sup> day of August, 2011.

POLK COUNTY, TEXAS

ORDER ADOPTING REDISTRICTING PLAN  
FOR COMMISSIONERS COURT PRECINCTS

BE IT REMEMBERED, that on the 29<sup>th</sup> day of July 2011, came on to be considered the issue of periodic redistricting of county political boundaries. This Court has, in due time, given deliberate consideration to the legal issues and of governmental duties imposed by state and federal law. In addition, the Court has previously entered in the minutes of this Court, criteria by which any redistricting plan would be considered. The prior Order being incorporated herein as Exhibit 1.

This Court has commissioned and has received an Initial Assessment by qualified professionals experienced in the field of redistricting law for the purpose of making a preliminary determination of population distribution between the four commissioners court precincts, and the obligation to comply with "one-person-one-vote" balance as required by applicable state and federal law. This assessment has been filed in the minutes of this Court, and is incorporated by this reference as Exhibit 2, Initial Assessment. A finding, based upon this assessment, recognized the legal duty to redraw political boundaries to comply with applicable law, and a copy of this finding is entered into the minutes of this court, by which reference this prior finding is incorporated into this Order of the Commissioners Court, Exhibit 3, Order Requiring Redistricting.

After convening in Public Hearing for comment upon any and all proposed plans, and after meeting in open session for the purpose of considering alternatives available to the County for modification of existing political boundaries in a manner designed to achieve both acceptable levels of numerical balance between the four commissioners court precincts, and to protect the voting rights of all residents of Polk County, the Commissioners Court has determined to adopt the redistricting plan attached to this Order in map and data form, Exhibit 4, Proposal 1. At a later date, this Court will receive a more complete description of this plan, including a map depiction of all new political

boundaries, polling places, election precinct boundaries, and any affect such changes in Commissioners Court precincts may have upon Justice of the Peace/Constable precincts. This supplemental order will be taken up and considered by the Court after public notice as required by law.

IT IS THEREFORE ORDERED ADJUDGED AND DECREED that the Redistricting Plan depicted in the maps and data attached to this Order are hereby APPROVED and ADOPTED by the Commissioners Court of Polk County, Texas. Upon final approval of the supplemental data to be provided at a later date, a submission of this plan, along with supporting maps, charts and/or data, will be made to the United States Department of Justice pursuant to Section 5 of the Voting Rights Act of 1964, 42 U.S.C §1973. This Redistricting Plan adopted by this Order shall be effective, subject to the Department of Justice preclearance, on January 1, 2012, and for all subsequent elections until changed or modified by later Order of this Court. It is expressly understood that implementation of this plan shall not take place until the receipt of preclearance approval by the United States Department of Justice.

IN THE COMMISSIONERS COURT OF

POLK COUNTY, TEXAS

**SUPPLEMENTAL and FINAL ORDER  
ADOPTING REVISED POLITICAL  
BOUNDARIES FOLLOWING REDISTRICTING OF  
COMMISSIONERS COURT PRECINCTS**

BE IT REMEMBERED, that the Commissioners Court of Polk County, Texas previously adopted a plan for the redistricting of Commissioners Court Precincts. As a consequence of the boundary modifications made by that Order, various changes in the underlying election precincts were required to conform election precinct boundaries to the new Commissioners Court precincts. In addition, the resulting changes to election precincts may have an impact upon the Justice of the Peace Precinct(s) of Polk County. This Supplemental Order, and the attached maps, data and narrative text, set forth the changes resulting from redistricting of Commissioners Court precincts, and provide an explanation for the necessity of the same.

IT IS THEREFORE ORDERED, ADJUDGED and DECREED that this Supplemental Order, along with all prior Orders of the Commissioners Court, shall be considered as a whole, and this Order shall constitute the FINAL ORDER of the Polk County Commissioners Court regarding redistricting of all Polk County political boundaries. To the extent necessary for a complete submission to the United States Department of Justice, as required by Section 5 of the Voting Rights Act, 42 U.S.C. §1973, this Order may be supplemented by such attachments and additional data as may be required by that statute without the necessity of further action by the Commissioners Court.

Legal Counsel for the County, the firm of Allison, Bass & Associates, LLP, is authorized to make such necessary additions to this Order to comply with the requirements of federal law, or the requests of Department of Justice pre-clearance reviewers.

This Supplemental Order shall be composed of the following information:

1. Map of Commissioners Court precincts and description of census blocks included therein, physical description of boundaries, constituent election precincts, and demographic data.
2. A list of polling place addresses for each Election Precinct.
3. Map of each Election Precinct and description of census blocks included therein, physical description of boundaries and demographic data.
4. Map of each Justice of the Peace Precinct and description of census blocks included therein, physical description of boundaries, constituent election precincts, and demographic data.
5. If necessary, a narrative explanation of any boundary definition that is not sufficiently depicted in map form.
6. If necessary, a narrative explanation of any other condition or circumstance relevant to the redistricting of Polk County political boundaries.

**Notice of Availability: A copy of the entire submission to the United States Department of Justice shall be available for inspection by the public during regular business hours in the office of the Polk County Clerk. The public is invited to make comment upon the plan with the Department of Justice. Comments should be addressed to the Chief, Voting Section, Civil Rights Division, Department of Justice, 320 First Street NW, Room 818A, Washington, D.C. 20001.**

IT IS THEREFORE ORDERED, ADJUDGED AND DECREED that the Redistricting Plan depicted in the maps and data attached to this Order are hereby APPROVED and ADOPTED by the Commissioners Court of Polk County, Texas. This Final Order shall, in substance, constitute the submission for new political boundaries to the United States

Department of Justice pursuant to Section 5 of the Voting Rights Act of 1964, 42 U.S.C. §1973. The Redistricting Plan adopted by this Order shall be effective, subject to Department of Justice preclearance, on January 1, 2012, and for all subsequent elections until changed or modified by later Order. It is expressly understood that implementation of this plan shall not take place until the receipt of preclearance approval by the United States Department of Justice.

Signed this 11<sup>th</sup> day of October, 2011.

**INITIAL ASSESSMENT OF EXISTING POLITICAL BOUNDARIES**

The Initial Assessment is a demographic analysis of Polk County following the 2010 Census, and applying the population data to the existing boundaries in effect since 2001.

This analysis is composed of the following components:

1. Constitutional Balance of Total Population.
2. Prison Population
3. Constitutional Balance of Total Population Less Prison Population
4. Demographic Analysis of Total Population Less Prison Population
5. Graphic Depiction of Demographic Analysis
6. Existing Commissioner Precincts Countywide/Election Precincts
7. Existing Commissioner Precincts Urban Detail/Election Precincts

14. Hispanic Population Distribution Map/Countywide
15. Hispanic Population Distribution Map/Urban Detail

Polk County has an inmate population composed of convicted felons incarcerated under State and Federal convictions. These individuals are not legally eligible to vote. Additionally, they are disproportionately minority in composition. For this reason, the inmate population incarcerated in state prisons under felony convictions have been excluded from the demographic data used to redistricting Polk County.

This exclusion was done to prevent any dilution of minority voting rights, and to insure that the political process was not affected by the addition of ineligible residents in voting rights analysis.

Hon. John Thompson  
Polk County Judge  
101 W. Church  
Livingston, TX 77351

Dear Judge Thompson and Commissioners:

You will find attached to this letter our initial assessment of your existing political boundaries, based upon population data extracted from the 2010 Census.

Based upon these numbers, Polk County will be legally required to redistrict the Commissioners Court Precincts in 2011. The total maximum deviation between your largest and smallest existing precincts in terms of population, can be found under Tab 2 of the Initial Assessment. As long as this number is below 10%, you are not legally obligated to redraw your political boundaries. However, the Total Maximum Deviation for Polk County, based upon the 2010 Census, is 27.13%. Consequently, you will be obligated to go forward with redistricting.

I am enclosing an appropriate Order for your consideration. At this time, we have scheduled a special meeting of the Commissioners Court be called for Tuesday, March 22, 2011, at 3:00 p.m. to discuss the results of our initial assessment, and to discuss the steps that will follow from this point forward.

Please use the provided language below to post this special meeting of the commissioners court.

*"To receive & provide information, evaluate demographics and take possible action regarding redistricting of County political boundaries."*

We look forward to seeing you soon.

Sincerely,

Robert T. "Bob" Bass

## GENERAL OVERVIEW

The Initial Assessment is a narrative analysis of the data contained in the PL94-171 files provided by the Census Bureau, together with an explanation of the impact such data may have upon the County in light of state and federal law.

Following the Supreme Court decision in *Avery v. Midland County*, 390 U.S. 474; 88 S. Ct. 1114, 20 L. Ed. 2d 45 (1968), Texas Commissioners Courts have been required to make a periodic assessment of their political boundaries to determine whether the boundaries retain "one-person-one-vote" balance. This requirement is now carried forward by statutory requirement in Article 42.001 of the Texas Election Code, and has been extended in turn to virtually all political bodies that elect representatives from special member districts, or geographic regions of the political jurisdiction in which the candidates for representative office must reside.

Therefore, following each federal census, each Texas county, city, school district or other political entity electing representative officers from geographic regions of the sub-division should conduct an assessment of existing political boundaries. It should be carefully noted that simple comparisons between the county population of 2000 and 2010, or even a more sophisticated analysis of urban and rural areas of the county might not reflect the true extent of population "change" each County has experienced over the last ten years. "Change" may not directly correlate to "different" or "new" population. For example, existing populations within a county will over time move considerably within the county, rendering existing political boundaries constitutionally questionable over a ten-year span. In small population counties, the movement of a single large family from a rural area to an urban area across political boundaries may have a significant impact on the obligation of that County to redistrict. As a very general rule of thumb, any statistical change of population between the 2000 and 2010 census more than 3%, plus or minus, will indicate a potential need for redistricting in order to retain numerical balance between the governing body's representative districts. Only in rare circumstances will a county experiencing a population change in excess of 3% avoid the need for rather extensive reapportionment of the county Commissioners Court precinct lines. However, any assumption that a population change of less than 3% will not require reapportionment is ill advised. Populations will shift within a county over time. Every county, city, school district or other political entity electing representative officers from geographic regions of the sub-division, even those with a rather insignificant overall population change, should carefully examine actual population demographics relative to their existing political lines to determine the need for reapportionment.

Demographic data is depicted in chart and graphic form for both total population as well as voting age population. While "One-Person-One-Vote" balance between the four Commissioners Court Precincts is based upon the entire county population, the availability of voting age populations is also important in two respects.

State law limits the size of election precincts to not less than 100 registered voters (counties under 100,000 in population may have as few as 50 registered voters, and upon petition by 25 registered voters, counties under 50,000 in population may have fewer than 50 registered voters in an election precinct), and not more than 5,000 registered voters per election precinct. (See §42.006, Texas Election Code, V.A.C.S.).

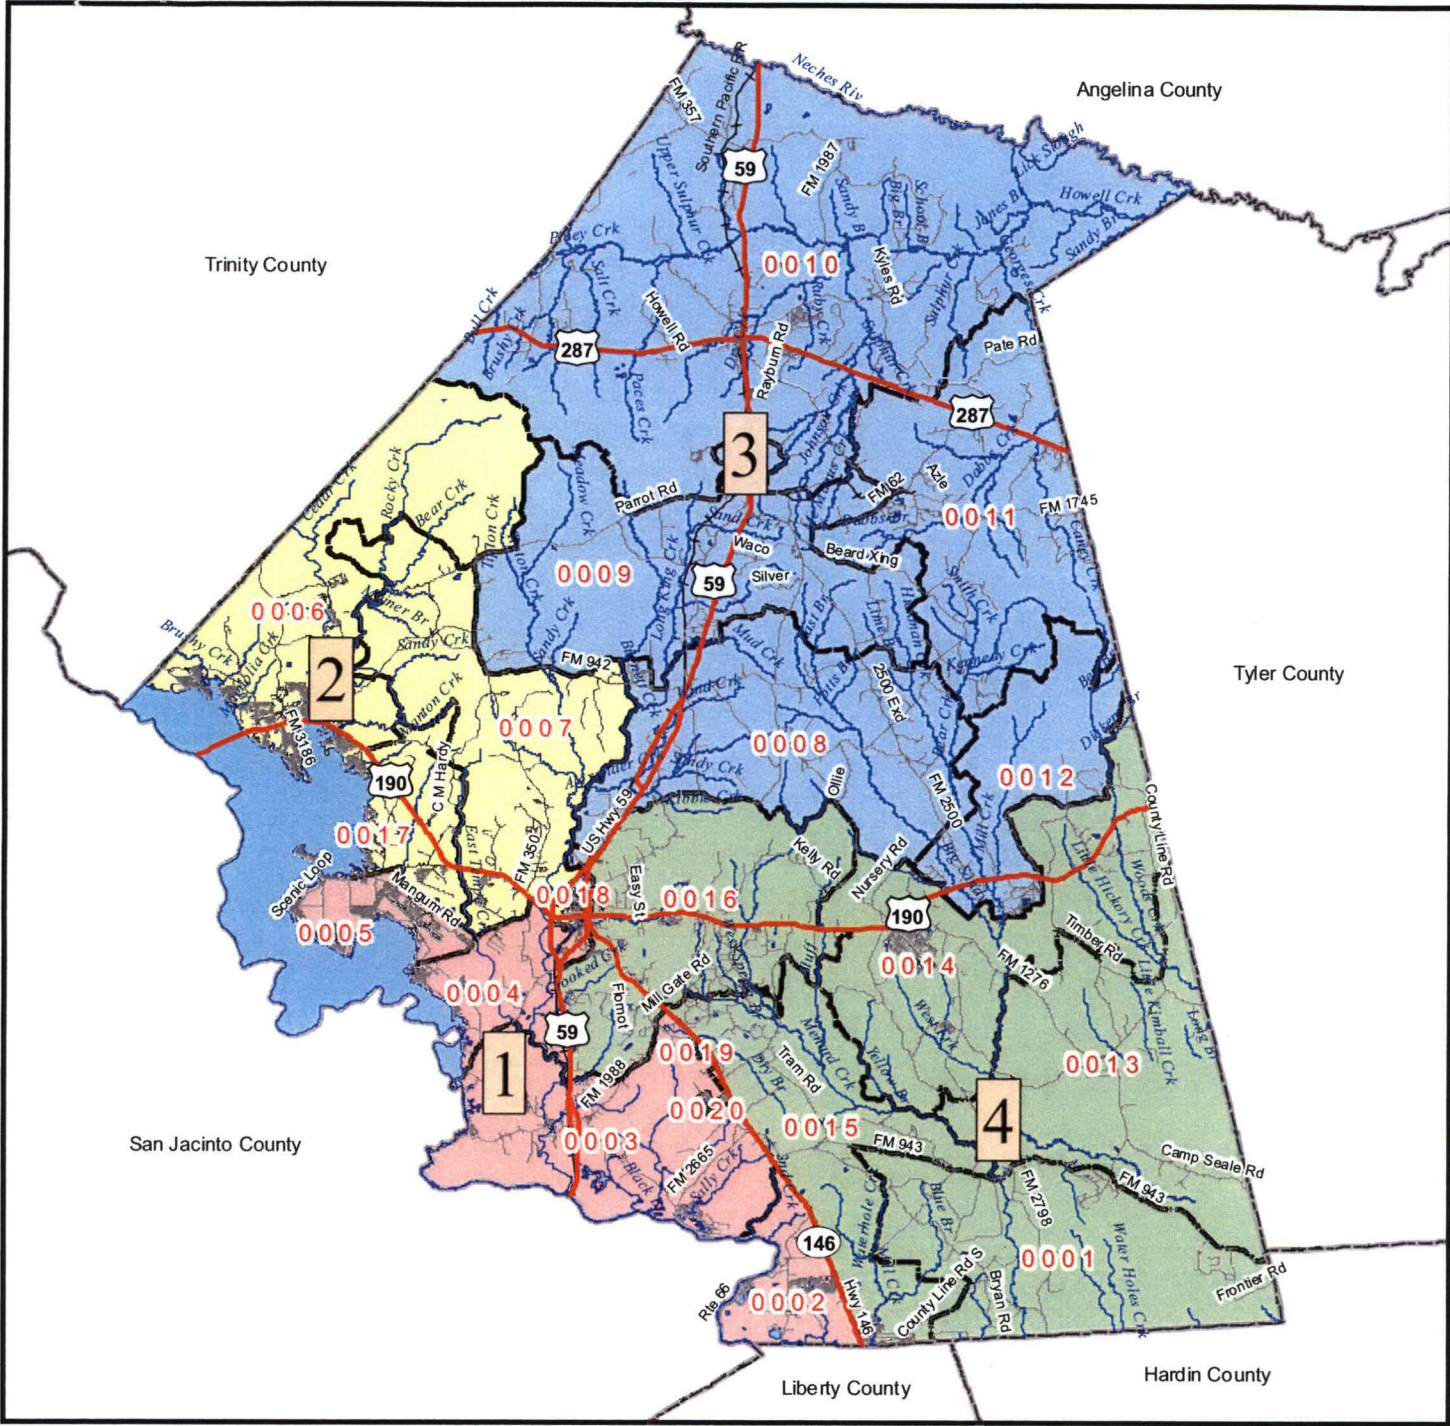

In counties inhabited by a significant minority population, the need to create one or more Commissioners Court Precincts that assure minority representation requires utilization of voting age information. While the actual political boundaries will be based upon total population, the viability of the resulting precinct in terms of the ability to elect requires analysis of voting age population.

Efforts to balance road mileage or to achieve other entirely practical adjustments of county boundaries must be undertaken with great care to avoid unintended shifts of population which will either exceed the required numerical balance, or will offend the Voting Rights Act.

Because changes in Commissioners Court precinct boundaries will require modification of election precincts making up each Commissioners Court precinct, there will also be changes in the Justice of the Peace/Constable precincts as a result of these changes to the election precincts. As a result, all political boundaries in your county, from the Election Precinct, the Justice of the Peace and Commissioners Court Precincts will have to be submitted for review and preclearance.

With this general overview, the following sections of this Initial Assessment will evaluate each layer of Polk County's political boundaries and attempt to determine whether or not the Commissioners Court should undertake reapportionment. Our assessment will point out areas of potential conflict with state and federal law, and will also suggest areas that may be considered for purposes of cost effectiveness and voter/resident convenience.

### INITIAL SUMMARY FINDINGS REGARDING NUMERICAL BALANCE:

Definitions of the various ratios, formula and procedures utilized in the analysis of county population are provided below. These ratios, formula and procedures have been largely developed in case law in the field of redistricting, together with generally recognized methods of sociological study.

NOTE: The Census Data contains Prison inmate populations, and while this institutionalized population should be included in all gross population numbers used to determine county eligibility for state or federal programs, grants or revenue sharing, there are good reasons to exclude this population from "one-person-one-vote" calculations. Because many institutionalized inmates are detained under felony convictions, or are being held for deportation for violation of immigration laws, these individuals are typically not eligible to vote under Texas law, and are most commonly registered to vote, if at all, in the county of their true residence. As such, large populations of inmates held within the state or federal prison systems, either in state owned and operated facilities, or under public or private contract in county facilities, are not generally counted in the determination of Total Maximum Deviation, or for other "one-person-one-vote" determinations for county redistricting. For purposes of the Initial Assessment, raw data has been acquired from the County and/or the Department of Criminal Justice regarding prison populations. In subsequent census data releases, group housing data may reveal more specific information, but at this time, we are deducting prison populations from county population totals in order to arrive at a true "one-person-one-vote" analysis, and to avoid potential imbalances in population that might result from inclusion of prison population in precinct totals. Smaller facilities holding persons convicted of both felony and misdemeanor offenses, juvenile facilities, or facilities holding individuals pending resolution of pending criminal charges are included within the population counts for the county, as reflected in the census data.

Please review the information contained under Tab 2 carefully. Please pay particular attention to the following:

1. Please consider the Absolute Deviation in terms of population between the Actual Population of each Commissioners Court Precinct and the Ideal Population. Remember that the ideal population of each precinct is exactly one-quarter of the total county population.
2. Next, consider the Relative Deviation, expressed as a percentage, of the Actual Population of each precinct as compared to the Ideal Population of each precinct.
3. Redistricting will be necessary to comply with 'One-Person-One-Vote' standards if the Total Maximum Deviation between the largest precinct and the smallest precinct (in terms of population) exceeds 10%.

4. Therefore, carefully examine the Total Maximum Deviation calculation. If that number is more than 10%, Polk County is legally obligated to make changes in its political boundaries to re-balance the population to more equal terms.
5. If the Total Maximum Deviation exceeds approximately 7%, you may want to consider redistricting in order to re-balance your boundaries, although you are not legally required to do so at this time. However, with only a few percentage points separating Polk County from the 10% maximum standard, you would be prudent to consider redistricting at this time. A suit can be filed at any time the statistical evidence suggests a county's political boundaries are no longer constitutionally balanced.
6. If the Total Maximum Deviation is below 5%, you are generally safe from legal challenge on a "one-person-one-vote" basis for the next few years.

### MINORITY VOTING RIGHTS

We have extracted from the Census data a summary of each major County elective office elected from geographic precincts. These files analyze the population demographics of each precinct based elective office, i.e. the offices of County Commissioner, and Justice of the Peace/Constable precincts. Prior to the 1990 census, previously existing election precinct boundaries were often described by non-physical boundaries, such as survey lines, or "metes and bounds" descriptions of real property. Since the computerized census first implemented in 1990 was based upon topological maps, it was necessary to "approximate" those boundaries that were not defined by a physical boundary such as a road, watercourse, or other physical boundary. These approximations were described as Voter Tabulation Districts, or VTDs. It should be noted that the VTD was only an approximation of the actual voting boundaries, since Public Law 94-171 requires that the VTD utilize census blocks as its component parts.

In 1990, most counties adopted election boundaries based on census blocks, but VTDs are still encountered. The boundaries utilized in this Initial Assessment are derived from the Texas Legislative Council, and have been, to the extent possible, confirmed as accurate by local officials. However, some counties continue to have election precinct boundaries defined in a manner that is incompatible with census block based mapping. Therefore, in some cases, you may find a discrepancy between the actual boundary in use, and the census block based mapping boundaries used in this report. All future election precincts should be based upon census blocks to avoid any discrepancy between the actual boundary in use and the official boundary description maintained by the Texas Legislative Council.

As a general rule, where the total minority percentage exceeds 25% of the total population, there is ample justification to create a commissioners precinct that contains a potential voting majority of minority residents. In concentrations greater than 40%, consideration should be given to creating at least one commissioners precinct with a potential voting majority of minority residents, with the possibility of any "excess population" being used to impact one or more other precincts. Where the total minority concentration exceeds 40%, the issue of "Packing" becomes a consideration, meaning that minority populations cannot be "packed" into a single precinct, but must be allowed to influence as many precincts as the total minority population warrants without efforts to fragment otherwise contiguous concentrations of minority population.

Minority representation must not be diluted, and where possible, a voting majority of minority residents should be created if sufficient minority populations existing within a reasonably compact and contiguous geographic area. In order to achieve the maximum minority representation within the demographic and geographic limitations in existence, it will be necessary to determine which election precincts, and which census blocks within each precinct, contain the highest percentage of minority population and to take such reasonable measures as will insure the highest possible minority voice in county government. To achieve this goal, some attention must be paid to voting age minority

residents. In order to create a viable voting majority of ethnic, race or language minority voters, it is necessary to attain a voting age population within at least one Commissioners Court precinct of approximately 55% or better. In order to accomplish this high number of voting age population, a total population figure in excess of 60% is typically required. This is due to the statistically younger populations in most minority categories, which yield lower numbers of voting age residents, and in historically lower voting age turnout in minority communities of interest.

A determination of whether or not the minority populations in these areas could be joined in a single precinct, or perhaps concentrated in an effort to maximize minority impact upon elections is difficult to assess without a more detailed evaluation of historical voting patterns, racial demographics, and the realities of political boundaries.

When taken with the numerical imbalances that must be addressed, it would appear that if at all possible, minority populations might be concentrated in at least one Commissioners Court precinct to the degree possible to achieve an acceptable potential minority concentration. Typically, the Commissioners Precinct with the largest minority concentration prior to redrawing lines is the best candidate for any alternative plan, but other possible constructions of precinct lines might well result in a favorable racial profile.

Fragmenting minority population concentrations must be avoided. Any modification of political boundaries to accomplish compliance with the requirements of the Voting Rights Act must be carefully considered.

Maps for Hispanic and Black populations are provided in this assessment. Other Non-Anglo Populations, such as Asian, American Indian, Pacific Islander, Other or Multi-racial categories in excess of 3% aggregate will also be mapped.

### ASSESSMENT OF JUSTICE OF PEACE AND CONSTABLE PRECINCTS

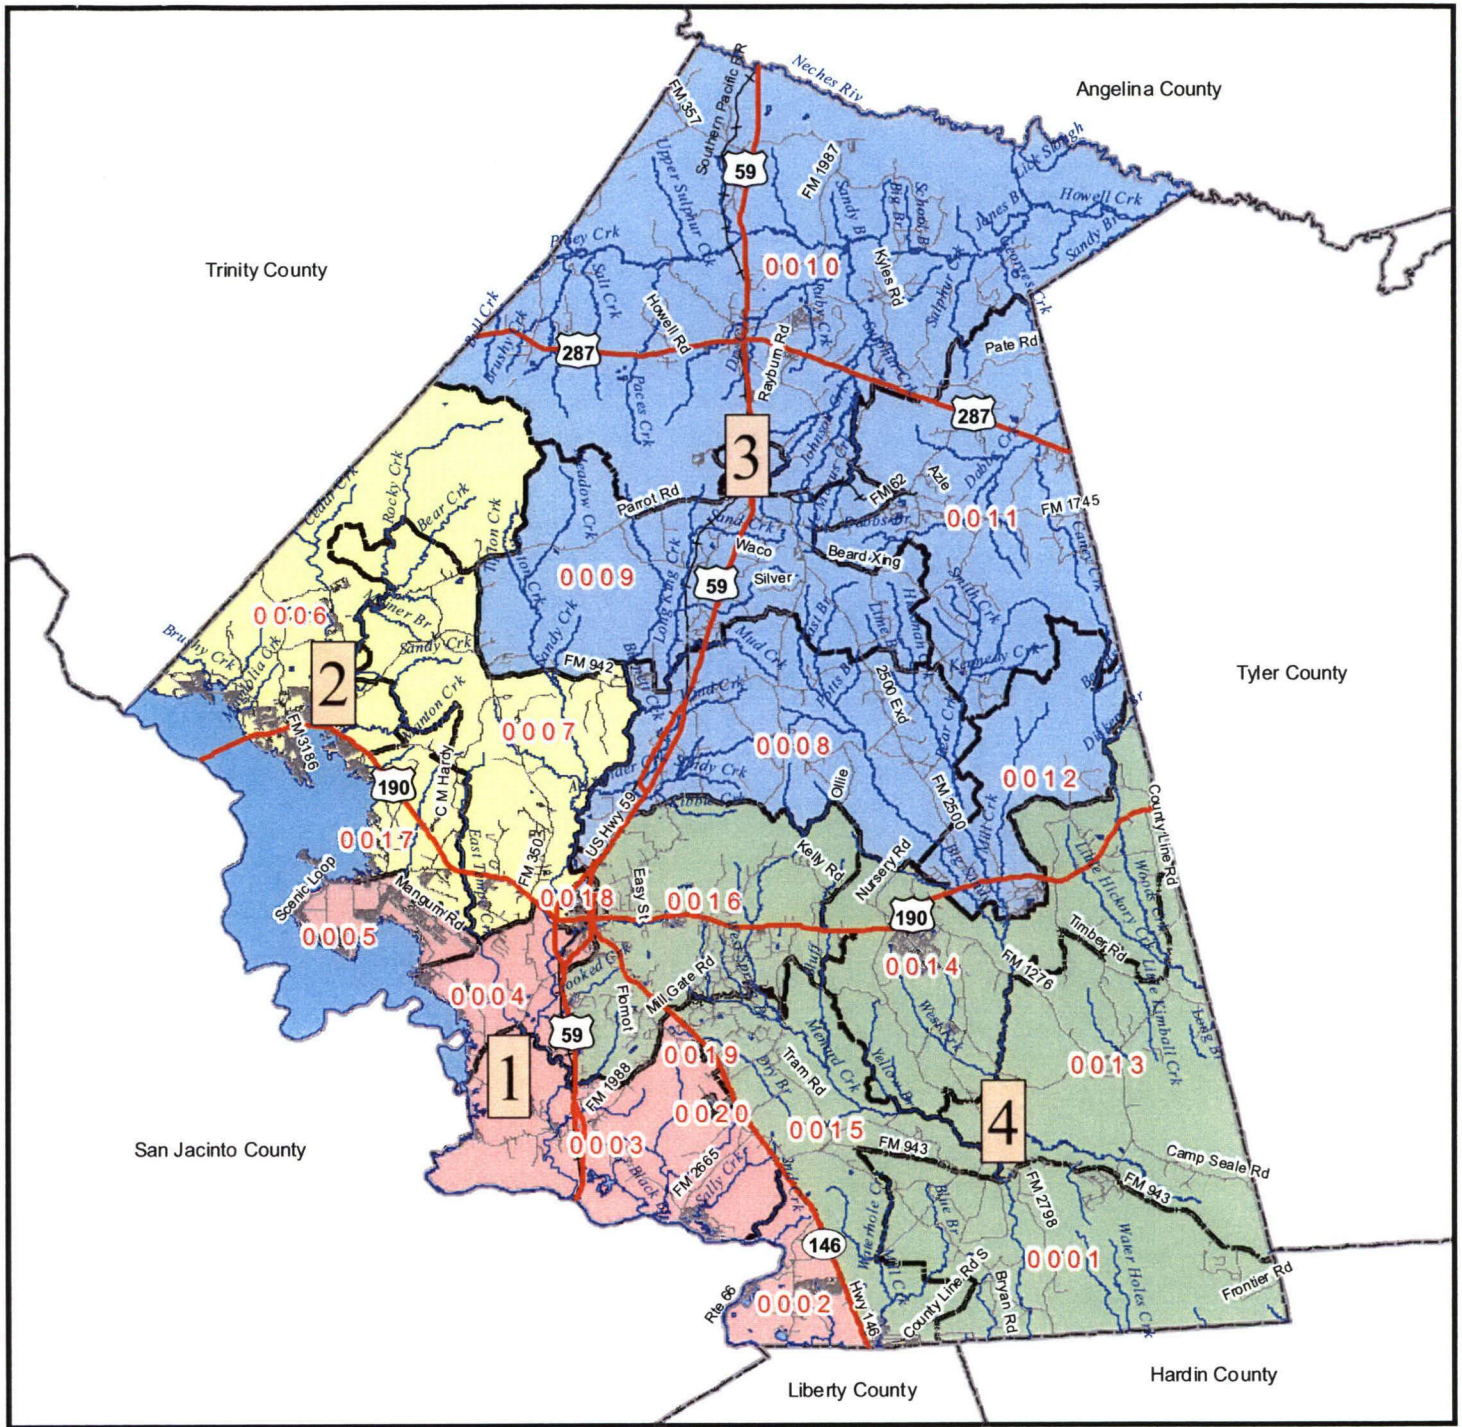

Article 5, Section 18 of the Texas Constitutional provides that each county of the State having a population of 50,000 or more shall be divided into not less than four and not more than eight precincts. Counties having a population of less than 18,000 shall be composed of a single justice/constable precinct, unless the Commissioners Court determines that not more than four such justice/constable precincts are needed. Counties having a population of less than 150,000, but which contain a city having a population of 18,000 or more inhabitants, shall provide for not less than two justices of the peace to service the city(s) having 18,000 or more inhabitants.

In each precinct so created, there shall be elected a Justice of the Peace and a Constable, each of whom shall hold office for four years.

Within the context of these Constitutional provisions, it is recommended that Polk County reconsider the actual need for justice/constable precincts, and consider whether that need suggests change in the present configuration of justice/ constable precincts. Article 292.001 Local Government Code and Article 27.051, Government Code address the location of Justice of the Peace courts. In counties having a population of less than 50,000, the County Commissioners Court may locate the justice courts either in the precinct served that justice court, or may centralize the courts in the County courthouse. In counties having a population greater than 50,000, the justice courts must be physically located in the precinct they serve. Note that counties served by four or more Justice Precincts on November 2, 1999 shall remain divided into not less than four Justice Precincts.

Some Counties may wish to evaluate whether or not there is a need to consider consolidation of existing Justice/Constable Precincts, or possibly an expansion of the number of Justice Courts, whether by the creation of additional precincts, or additional places within existing precincts. This should be done carefully, with a view toward the levels of service provided by existing Justice Courts and Constables, and the ethnic composition of existing or planned justice precincts.

Justice Precincts are not considered to be representative offices, and are therefore not legally required to comply with either "One-Person-One-Vote" balance or "representative" analysis under Section 2 or 5 of the Voting Rights Act. (42 U.S.C. 1973c) Counties are not required, therefore, to make any changes to existing justice or constable precincts by federal law. However, Article 5, Section 18 of the Texas Constitution sets population requirements for the number of justice precincts required. Each County should carefully examine the number of justice precincts required by law to determine if a reduction or expansion of existing justice/constable precincts is feasible. If changes are made to Justice/Constable precincts, either directly or as a result of modification of the election precincts that make up the Justice/Constable precinct, a voting rights submission is required.

### **GENERAL HOUSEKEEPING**

Some attention should be given to "straightening" political boundaries into more uniform shape. In some cases, certain election precincts may be altered to use a more commonly understood or recognized physical boundary in lieu of a poorly identified or recognized boundary. Public Law 94-171, which directed the Census Bureau to develop a uniform mapping and demographic profiling approach for use by small computers, required that all voter tabulation districts (VTDs) follow census block boundaries. In many cases, county voting districts had been previously drawn in a manner that did not follow a census block boundary. This required the State of Texas, acting in conjunction with the State Data Center and the Texas Legislative Council, to move the actual voting district boundary to coincide with a nearby census block boundary for tabulation purposes only. The resulting VTD was no longer "actual," but an approximation referred to as a "pseudo-voting district."

Every reasonable effort has been made to conform the pseudo voting district to actual VTD boundaries. However, due to the nature of the available data base, and the requirements of Public Law 94-171, there may be occasions in which the pseudo voting districts, or the resulting lines between commissioners court precincts, are different from those that actually exist. Again, the use of the pseudo voting district was for tabulation purposes only, and any apparent difference between actual and apparent political lines should be considered as minimal. However, since all later census counts will be undertaken upon the census blocks, there could be a valid argument that a necessity to alter current election district boundaries to match the census block format exists. Under these circumstances, new political lines will be required to avoid conflict with census block lines that do not match current political area definitions. While matching census blocks to actual political lines would not, in and of itself, generally support a decision to reapportion under the circumstances that exist in Polk County, there is a justifiable combination of factors that would support a reapportionment decision. These factors would include:

1. Redrawing election precincts to increase voter convenience.
2. Consolidation of election precincts where practicable.
3. Resizing election precincts to achieve greater efficiency.
4. Harmonizing actual political lines with pseudo voting districts based upon census blocks.
5. Redrawing all lines to achieve "one-person-one-vote" deviations of the smallest possible percentage.

## ASSESSMENT OF ELECTION PRECINCTS

Election Precincts are the building blocks for all other political boundaries. Any change in the "representative" offices of the Commissioners Court will result in changes to the underlying Election Precincts, which in turn will work change in the boundaries of the Justice Precinct made up by the underlying election Precinct.

So, if changes are required in your Commissioners Court Precincts, there will be resulting change in all other election boundaries in your county. According to Article 42.006, Texas Election Code, V.A.C.S., each election precinct must contain no fewer than 100 registered voters and not more than 5000 registered voters. (Exceptions apply depending upon county population). For the Initial Assessment, no attempt has been made to acquire actual registered voter information. In this preliminary assessment, a formulistic approach will be used. For purposes of the Initial Assessment, we make some assumptions that allow us to estimate the highest probable number of registered voters that might reside within an election precinct. Using the voting age population demographic information contained in Appendix B, we assume that the percentage of actual registered voters would never exceed 70% of the total "eligible" voters over the age of 18 years. This assumption will generally hold true, but in some isolated cases, the actual number of registered voters may exceed 70% of total eligible voters.

Therefore, as a general rule of thumb, Counties that cast more than 5000 ballots in a single election court precinct should consider breaking that precinct up into smaller units to facilitate easier administration of such large turnouts. Smaller numbers of voters likewise might be a basis for consolidating smaller election precincts and to achieve greater efficiency and lower costs in holding elections.

Reducing the number of election precincts, where appropriate, lowers the overall costs of elections, but this reduction must be coupled with other factors, such as automated vote counting, in order to insure that election returns can be quickly and accurately tabulated in the resulting larger election precincts. With automated vote counting systems, smaller polling place staff can accommodate larger numbers of voters, and achieve overall reductions in the costs of elections.

## **CONSOLIDATION FACTORS**

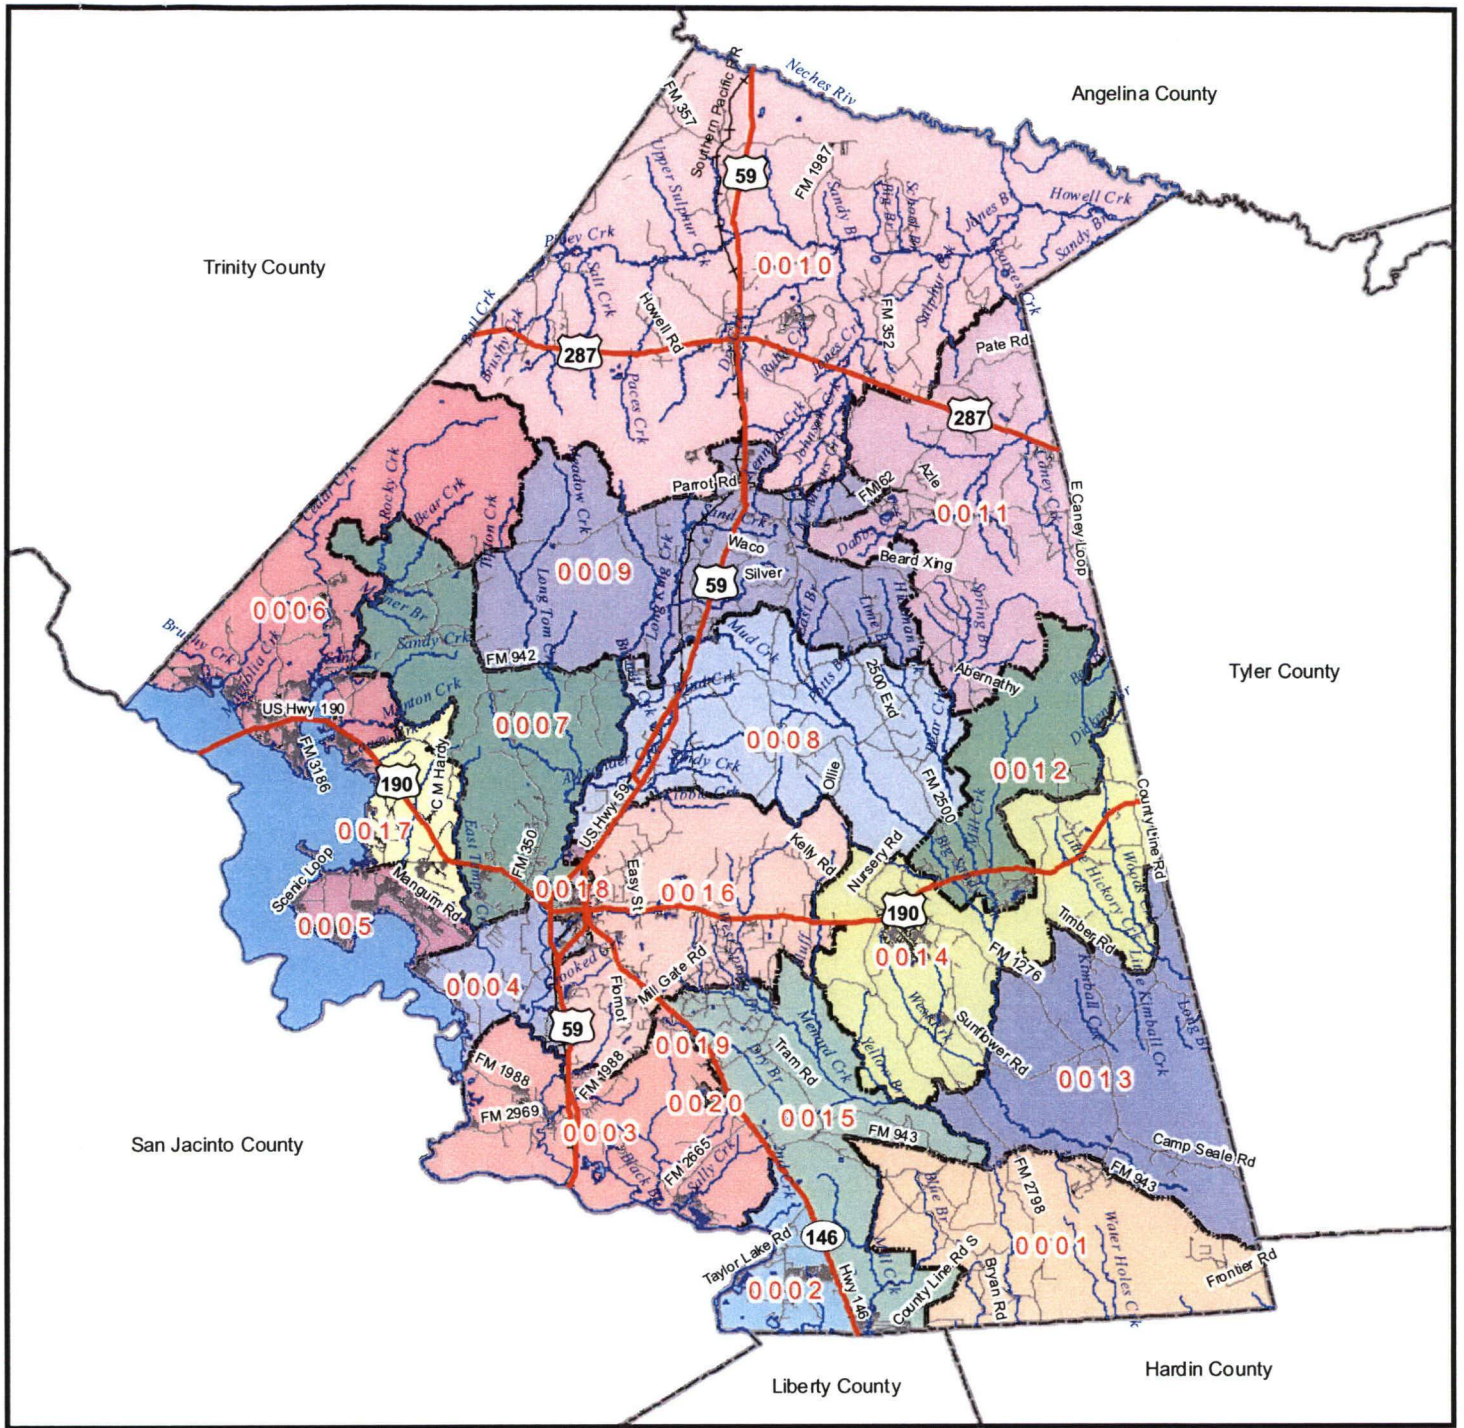

A limiting factor in wholesale consolidation of county election precincts will be the restraints imposed by Art. 42.005, Texas Election Code, V.A.C.S., which restricts county election precincts to that territory which does not contain more than one commissioners precinct, justice precinct, congressional district, state representative district, state senatorial district, ward of a city with a population of 10,000 or more, or a State Board of Education District.

We are not presently informed as to the nature of the city governments within Polk County. Should any of these cities exceed 10,000 residents, or should any city utilize single

member election precincts for its city council positions, these city "wards" must be considered in the construction of county election precincts. In any plan for county election precincts within a city having single member election districts, city ward lines must be followed to prevent a violation of state law. Therefore, all cities within the county should be encouraged to participate and cooperate in the reapportionment process.

Although state law does not require the county election precincts to conform to independent school district election precincts, it only makes prudent sense to consult with any independent school district in your jurisdiction to determine if school board members are elected from single member districts. We are not presently aware of the nature of school district configurations within Polk County. If, however, any single member districts are utilized, and if the school board would wish to participate in the county reapportionment process with the County by agreeing to utilize single member districts that are compatible with proposed county election precincts, then a three way agreement between the County, cities of more than 10,000 in population or in smaller towns or cities having single member election wards, and independent school districts electing board members from districts could result in considerably less confusing and more economical elections for all three entities.

Counties are required, where significant minority populations exist within an election precinct, to provide election workers able to speak the significant minority population language. The difficulty of finding bi-lingual poll workers in adequate numbers is a challenge, but the Department of Justice will examine your efforts to identify such election precincts, and to recruit and retain qualified bi-lingual poll workers.

## CONCLUSION

While the primary task of reapportionment will concentrate on the issue of numerical balance and minority representation in the formation of commissioners' court precincts, other valuable improvements could also be achieved in the political well being of Polk County by redrawing existing lines. The method and manner by which these less direct goals are accomplished is a responsibility imposed upon the Commissioners Court beyond those expressly required by the Voting Rights Act or the Constitution, but which may have just as much value to the general public. Cost efficiency and voter convenience in elections that might be achieved by a serious evaluation of election precincts, and the elimination of unnecessary confusion by cooperation with other governmental entities are only two of the benefits that might be achieved by reapportionment beyond the legal duties required by law.

Another issue that should be considered is the actual need for Justice of the Peace/Constable Precincts. While local demand for Justice/Constable services may well justify the current number of justice courts, the cost of maintenance and administration of these particular governmental offices should be carefully evaluated.

Finally, the county should consider a wholesale renumbering of its election precincts in order to simplify future elections. Consolidation should be considered where possible, subject to limitations imposed by state law and were possible by agreement with any Independent School Districts or municipalities larger than 10,000 in population within in the County.

Redistricting should be viewed as an opportunity for streamlining county organization, and a chance to address as many issues as possible to achieve greater participation and involvement in county government. This is the time to plan for future growth, anticipate costs of government operations, and to involve the public in the process of county government. We look forward to working with you in this exacting but rewarding process.

IN THE COMMISSIONERS COURT OF  
POLK COUNTY, TEXAS

FINDINGS OF FACT REGARDING POLITICAL BOUNDARIES  
OF POLK COUNTY, TEXAS  
FOLLOWING PUBLICATION OF 2010 CENSUS DATA  
AND  
ORDER FOR REDISTRICTING OF POLITICAL BOUNDARIES

On the \_\_\_\_ day of \_\_\_\_\_, 2011, the Commissioners Court of Polk County met in regular/called session, having posted notice of said hearing in compliance with Chapter 551 of the Texas Government Code.

The Commissioners Court of Polk County has previously retained the firm of Allison, Bass & Associates, LLP, of Austin, Texas, to conduct an Initial Assessment of existing political boundaries of Polk County, following the issuance of census data by the United States Census Bureau.. Attached to this Order, and incorporated herein for all purposes by reference, is a copy of the initial assessment conducted by Allison, Bass & Associates, LLP. This assessment is based upon PL94-171 data, as required by federal law, and is further based upon information provided to Allison, Bass & Associates, LLP by the Texas Legislative Council, the Texas Association of Counties and by Polk County, Texas.

Based upon this information, Polk County has a total maximum deviation of 27.13%. The term total maximum deviation is determined by dividing the total population of Polk County by four, the number of Commissioners Court precincts to determine an ideal precinct size. The actual population of each precinct is then determined, based upon the official population data contained within the census count, as defined by Public Law 94-171. The actual population of each precinct is compared to the ideal precinct size and with that, a range of deviation by percentage is determined. Any total maximum deviation in excess of ten percent (10%) is presumptively unconstitutional under established federal law.

As a result of this determination Polk County has a constitutional duty to redistrict its political boundaries so as to achieve "One-Person-One-Vote" numerical balance between the four commissioners court precincts at a legally acceptable margin of deviation, and to make such changes as are necessary to comply with the Voting Rights Act and applicable state and federal law.

IT IS THEREFORE ORDERED, ADJUDGED and DECREED that the Commissioners Court of Polk County, Texas, finding that it has a legal duty to exist to redistrict and that the public interest will be served by redrawing the existing political boundaries of Polk County in such a manner as to comply with applicable state and federal law, the Commissioners Court hereby enters the following findings of fact and law:

1. Polk County has a total maximum deviation, as defined in this order, of 27.13%.
2. Any total maximum deviation in excess of ten percent (10%) is presumptively unconstitutional under federal law.
3. Polk County, acting by and through its Commissioners Court, is hereby resolved to immediately undertake such necessary and appropriate action to accomplish redistricting of existing commissioners court precincts, and any incidental modification of either existing, consolidated, or newly created election precincts necessary to accomplish such redistricting.
4. The Commissioners Court shall henceforth convene in open meetings, duly posted in accordance with the Texas Open Meetings Act, to take up and consider one or more alternative plans for the legal redistricting of Polk County.
5. After due consideration of one or more alternative plans, Polk County shall adopt a plan deemed to satisfy legal requirements, and which best suits the legitimate governmental needs of Polk County.
6. Such plan shall, after adoption, be submitted to the United States Department of Justice for review as required by 42 U.S.C. §1973, otherwise known as the Voting Rights Act.
7. Only upon preclearance shall such plan, or a plan subsequently modified to obtain preclearance, be implemented for elections in the year 2012 and thereafter, or until a suitable substitute has been lawfully adopted.

Signed this \_\_\_\_\_ day of \_\_\_\_\_, 2011.

## STATEMENT OF CHANGE AND SUPPORTING MAPS AND DATA

As a result of the Initial Assessment, (see Tab 2) redistricting of existing boundaries of County Commissioners Court precincts was required due to unacceptably high deviations of population between the four precincts. The Commissioners Court is the representative or executive body of Polk County. Proposed changes to the existing boundaries are included in this section of the submission.

Changes in the existing political boundaries for the Commissioners Court are designed to accomplish two primary objectives:

1. Compliance with acceptable “one-person-one-vote” constitutional balance of population between the four commissioners’ precincts.
2. Retention of Commissioners Court Precincts that comply with obligations imposed by the Voting Rights Act of 1965. (42 U.S.C. §1973)

All redistricting was conducted within the confines of existing case law, and in compliance with Redistricting Criteria adopted by the Commissioners Court.

Once changes required by constitutional balance and the Voting Rights Act were made in the Commissioners Court Precincts, corresponding changes were required in the component election precincts that make up each Commissioners Court precinct. In turn, those election precincts that form boundaries of existing Justice Precincts may also be affected by the redistricting of Commissioners Court precincts. Therefore, *all* political boundaries in Polk County are submitted for pre-clearance, including: Commissioners Court Precincts, Election Precincts and Justice of the Peace Precincts.

In some cases, due to redrafting of election precinct boundaries, polling places in the former precinct were “moved” outside of the revised election precinct, necessitating the relocation of polling places. In other instances, due to state law restrictions on size of election precincts, or for other considerations (for example, a former polling place might not been ADA compliant) new polling places were required. Finally, due to the difficulty of locating sufficient election workers, where possible, former polling precincts may be consolidated into a smaller number of polling places. Where necessary, former election precinct boundaries are depicted to facilitate an understanding of the change required to bring the voting precincts into compliance with other political boundaries.

In Polk County, a single new polling place was necessary, in Box 21, to permit territory previously located in Comm. Precinct 2 to have a suitable polling place in Commissioners Precinct 3.

The following maps and data constitute a full analysis of existing political boundaries in Polk County, Texas.

**SUBMITTING AUTHORITY, STATUTORY AUTHORIZATION  
FOR CHANGE, AND PROCEDURES UTILIZED FOR CHANGE**

The executive authority for Polk County is the Commissioners Court. This governmental body is a creature of the Texas Constitution (Article V, Section 18) composed of the County Judge, elected from the County as a whole, and four Commissioners, each elected from a geographic region of the County. Members of this body on the date the Final Order was adopted were:

County Judge:	John P. Thompson	(936)327-6813
Commissioner Precinct 1:	Robert Willis	(936)365-2222
Commissioner Precinct 2:	Ronnie Vincent	(936)646-5929
Commissioner Precinct 3:	Milton Purvis	(936)398-4171
Commissioner Precinct 4:	Tommy Overstreet	(936)327-6866

The Commissioners Court is possessed of executive, judicial and legislative powers granted by the Texas Constitution, as enabled by Legislative enactment. A brief summary of statutory/constitutional authority is attached and incorporated into this submission under Supplemental Information, Section A.

In compliance with applicable state and federal law, the Commissioners Court authorized a complete review and analysis of all existing political boundaries, based upon the 2010 Census. The firm of Allison, Bass & Associates, L.L.P., was hired to conduct this study. Allison, Bass & Associates, L.L.P. is a well qualified, experienced firm of lawyers with many years experience in redistricting. The lawyer signing this submission is the person to whom inquiry may be directed at the following location:

[law@allison-bass.com](mailto:law@allison-bass.com)

Upon receipt of the Initial Assessment (See Tab 2), the Commissioners Court made findings of fact that recognized an obligation to redraw political boundaries in order to balance population in conformity with Constitutional obligations, and to make such changes in compliance with requirements of the Voting Rights Act.

In consultation with the Commissioners Court, legal counsel devised a plan that satisfied all applicable legal obligations. After review and modification of the proposed plan, the Commissioners Court conducted one or more public hearings on the proposed plan or plans. After receipt of any public comment, the Commissioners Court adopted a reapportionment plan for the Commissioners Court precincts. The Adopted Plan is attached under Tab 3 of this Submission.

As a result of revisions to county Commissioners Court precincts, modification of existing election precincts to conform to the revised Commissioners Court precincts was necessary. These modifications to existing election precincts were required for some, or all, of the following reasons:

1. In order to accomplish compliance with the Constitutional requirements for population balance, and obligations regarding minority representation imposed by the Voting Rights Act, retention of existing county election precincts was impracticable or impossible. Therefore, by use of 94-171 based census information, new Commissioners Court precincts were formed which achieve acceptable population balance and minority representation.
2. See Supplemental Information for provisions of state law related to elections and redistricting.
3. State law requires that a county election precinct contain territory from not more than one:
  - a. Commissioners Court Precinct
  - b. Justice of the Peace Precinct
  - c. Congressional District
  - d. State Senate District
  - e. State House of Representative District
  - f. State Board of Education District, or
  - g. City Ward in cities of 10,000 population electing city council from single-member districts.
4. State law also provides for various population limitations based upon registered voters in each election precinct. The Census data does not contain registration information, so estimates of actual voters were made, utilizing voting age population.
5. Where necessary to accommodate state law, new election precincts may be created by order of the Commissioners court. Where prudent, old election precincts may be abolished, consolidated, or renumbered. In some cases, any or all of these actions may have been applied to accommodate efficiency in the administration of elections in Polk County. Pre-clearance of all changes depicted under Tab 3 is requested.
6. Where necessary, city ward lines have been evaluated for compliance with state law. In many cases, Texas cities are engaged in redistricting during the same time frame and final lines were, or are, not available. Polk County will take necessary steps to comply with applicable law. However, in order to pre-clear changes in County election precincts, it is necessary that Polk County proceed immediately to pre-clear known changes required by applicable law.
7. Finally, the Texas Legislature, meeting in Special session concluding In July, 2011 adopted redistricting plans for Congressional, State Senate, State House, or State Board of Education districts. However, these lines are under litigation, and are still undergoing federal preclearance review. As a result, Texas Counties are unable to

fully complete their redistricting as it applies to county election precincts, until state boundaries are established under state law or court order. A supplemental submission of any final or Court ordered political boundaries that might affect Polk County, Texas will be submitted under separate cover at a later date.

**OPERATIVE DATES FOR ADOPTION AND IMPLEMENTATION**

- 7/29/11: Adoption of Plan for Redistricting of Commissioners Court Precincts
- 10/11/11: Adoption of Supplemental and Final Order Adopting Revised Political Boundaries Following Redistricting of Commissioners Court Precincts.

**NOTICE: In compliance with Section 5 of the Voting Rights Act, implementation of the proposed change of political boundaries shall not occur until receipt of pre-clearance from the United States Department of Justice.**

Under State law, boundary changes will require administrative steps necessary to implementation on the following dates:

November 12, 2011: State law, i.e. §172.023 and Section 201.054 of the Texas Election Code, establishes a filing deadline for all parties seeking election to State or County offices by party primary. In order for candidates to be aware of their residence within the proposed boundaries herein submitted, and thereby determine their eligibility as a potential candidate, pre-clearance is required before the expiration of this filing deadline. (Senate Bill 100, which amended prior statutory law, is still being reviewed by the Department of Justice at the time of this submission).

December 6, 2011: State law, i.e. §14.01 of the Texas Election Code, requires voters to be mailed new voter registration cards by December 6, 2011. Election Administrators will be required to identify voters affected by any boundary changes, prepare preliminary mailing lists, and be ready to mail new voter registration cards by December 6, 2011.

March 6, 2012: State law, i.e. §41.007 of the Texas Election Code, establishes a primary election date of the first Tuesday of March.

*On November 4, 2011, a three judge panel of the United States District Court for the Western District of Texas-San Antonio Division, in Cause No. 11-CV-360, 361, 490, 592, 615, 635, and 788-OLG-JES-XR, styled **Perez, et al v. State of Texas**, entered Orders which affect the previously stated statutory deadlines and other matters related to the 2012 March Primary. A copy of this Order is incorporated herein by this reference, and is attached hereto under Tab 11 of this submission.*

Therefore, in order to permit orderly elections in March, 2012, and to allow for regular administrative procedures, such as the issuance of new voter registration cards in compliance with existing state law, expedited consideration and pre-clearance is requested.

**In order to satisfy state law, pre-clearance prior to December 14, 2011 is requested.**

**STATEMENT OF NON-IMPLEMENTATION**

The changes proposed by this submission have not been implemented, subject to preclearance under Section 5 of the Voting Rights Act.

The changes proposed affect the entire jurisdiction

## TAB 7

### REASONS FOR CHANGE

Constitutional concepts of balanced population, commonly known as “one-person-one-vote” require periodic reapportionment. Texas Commissioners Court have been required to periodically reapportion since 1968, with the *Avery v. Midland County* Supreme Court decision.

Following the 2010 Census, Polk County commissioned an evaluation of its existing political boundaries. This Initial Assessment (Tab 2) revealed that County population deviations in excess of the generally recognized “Ten Percent” rule, thereby necessitating changes in political boundaries. These changes start with the county executive body, the Commissioners Court. Changes to the boundaries of each Commissioners Court precinct will have an impact upon the boundaries of the election precincts that make up that Commissioners Court precinct. In turn, where the Justice of the Peace precinct is composed of either a single or combination of Commissioners Court Precincts, or by election precincts affected by the Commissioners Court precinct modification, the Justice of the Peace boundaries may be affected as well.

Any change in voting methods, policies or procedures triggers application of the Voting Rights Act and a Section 5 pre-clearance submission. Therefore, this submission seeks to pre-clear all direct and incidental modifications to all county election boundaries, including Commissioners Court, Justice of the Peace, and Election Precincts.

**ANTICIPATED EFFECT OF CHANGE ON RACIAL,  
ETHNIC OR LANGUAGE MINORITIES**

A diligent effort has been made to avoid any significant retrogression of minority voting strength in Commissioners Court precincts that contain a statistically significant number of minority residents. Please see the Initial Assessment under Tab 2 for “benchmarks” established under the existing boundaries, and the Proposed Plan under Tab 3 for resulting ethnic populations.

In most cases where redistricting is required, the precincts with highest minority populations have also experienced the greatest need for infusion of additional population to achieve constitutional balance. As a result, it has been difficult in many cases to retain mathematical precision in the percentage of minority representation. However, any decline in minority population in these “benchmark” precincts is believed to be statistically insignificant. Under traditional voting rights analysis, it is believed that the political influence of minority voters has not been harmed by the redistricting effort, and in many cases, the actual percentage of minority population has been increased.

Over the last decade, the African American and Hispanic population of Polk County has remained relatively static, or in the case of the African American population, actually declined from 10.09% of the County total population to 9.08% in 2010. During the same time, the Hispanic population grew from 8.30% to 11.90% in 2010. The Anglo population, over the decade, went from 78.67% to 75.55% of the total population as a result of the growth of Hispanic population.

In 2001, the Minority impact precinct was Commissioners Court Precinct 3, which at that time under the precleared 2001 plan, had a minority population of 25.10% African American, and 14.00% Hispanic population. By 2010, however, two factors impacted the 2011 redistricting effort.

1. Commissioners Court Precinct 3 was the most under populated precinct, with 1,524 persons, or 14.69% from the ideal. This required a large influx of population from Commissioners Court Precinct 2 to balance the constitutional equation.
2. Hispanic population and African American populations within the existing boundaries established in 2001 had declined to 23.00% African American, but Hispanic population had grown to 17.74% Hispanic.

Thus, with the influx of new population required to increase the constitutional balance in Precinct 3, the 2011 Redistricting effort resulted in an overall minority voting age population increase from 34.91% combined, to 37.21% combined. The proposed plan retains virtually all available minority populations in a reasonably compact area within Commissioners Court Precinct 3.

**PAST OR PENDING LITIGATION AFFECTING VOTING RIGHTS**

There is no pending litigation affecting voting rights. Where prior litigation has been filed, a copy of the applicable Court Order is included in this submission. Polk County is under no continuing obligation to obtain the consent of either the state or federal courts, or minority interests, prior to adoption of a new redistricting plan. Where possible, the proposed plan has been provided to legal representatives of the minority interests in the prior litigation for review and comment.

Tab 10.

**STATEMENT THAT PRIOR PRACTICE WAS PRECLEARED**

Polk County has previously obtained pre-clearance of existing boundaries. Where available, a copy of the prior “pre-clearance letter” is attached under this section. In some cases, after diligent search, we have been unable to locate such pre-clearance letter, but reasonably believe that such pre-clearance was previously obtained. Should the Department of Justice records reveal no such prior pre-clearance, Polk County respectfully requests that the Department of Justice pre-clear the proposed plan as being in compliance with applicable law.

Dear Mr. Morrison:

This refers to the 2001 redistricting plans for the commissioners court, justice of the peace, and constable districts, and the realignment of voting precincts for Polk County, Texas, submitted to the Attorney General pursuant to Section 5 of the Voting Rights Act, 42 U.S.C. 1973c. We received your submission on November 8, 2001; supplemental information was received on November 26 and December 27, 2001.

The Attorney General does not interpose any objection to the specified changes. However, we note that Section 5 expressly provides that the failure of the Attorney General to object does not bar subsequent litigation to enjoin the enforcement of the changes. See the Procedures for the Administration of Section 5 (28 C.F.R. 51.41).

Sincerely,

In Re: Preclearance letter

Dear Judge Thompson,

Enclosed is the original "preclearance letter" from the Department of Justice related to the County's recent redistricting. You will want to keep it in the County's files where it can be referenced as necessary and made available in another ten years if it is necessary to redistrict the County. If you have any questions please give David or me a call.

It has been a pleasure to work with you, the Court, the Committee members and the County staff. Please convey our regards to all.

[Consolidated case]

**ORDER ENJOINING THE IMPLEMENTATION OF VOTING CHANGES**

The Court has considered Plaintiffs' Motion for Temporary Restraining Order (Dkt. # 375) and the State's response thereto (Dkt. # 379). After reviewing the motion, response and the applicable law, the Court finds that Plaintiffs' motion should be GRANTED as follows:

Because the redistricting plans for the Texas House of Representatives (Plan H283) and the United States House of Representatives (Plan C185) have not been precleared pursuant to Section 5 of the Voting Rights Act, the plans may not be implemented. According to the Texas Election Code, any changes that must be made in the county election precinct boundaries "to give effect to a redistricting plan" must be finalized by October 1, 2011. Tex. Elec. Code Ann. § 42.032 (Vernon 2010). Because the redistricting plans have not been precleared pursuant to Section 5 of the Voting Rights Act, all persons or entities that would otherwise have a duty under Section 42.032 of the Texas Election Code are relieved of those duties until further order of the Court. Likewise, Section 14.001 of the Election Code requires that voter registration certificates be issued to each voter in the county. Because the county election precinct boundaries will not be finalized, the persons or entities that would otherwise

have a duty to issue such registration certificates are relieved of those duties until further order of the Court.

The parties have agreed that the relief granted herein will be effective as a permanent injunction, subject to being lifted by order of the Court as appropriate.

It is the responsibility of Defendants to take reasonable measures to ensure that the appropriate elected and administrative officials in the various counties are timely notified of this order. If any persons or entities receiving such notice have questions about the effect of this order, they should contact the Attorney General's Office or the Office of the Secretary of State.

SIGNED this 29 day of September, 2011.

The Court is entertaining various issues pertaining to redistricting of the United States House of Representatives, the Texas House of Representatives and the Texas State Senate. In order to provide the Court time to enter necessary orders, the following relief is hereby granted:

#### Residency

Section 7, Article III, of the Texas Constitution, requires that a person seeking election to the Texas House of Representatives must be a resident of the district the person seeks to represent for one year prior to the person's election as a representative.

Section 6, Article III, of the Texas Constitution, provides the same requirement for a candidate for the Texas State Senate.

Section 23, Article III, of the Texas Constitution, provides that a senator or representative who removes his or her residence from the district for which elected vacates the office of senator or representative.

Since the composition of House and Senate districts in which candidates might offer themselves are uncertain until the Court enters an order pertaining to the districts of the offices described above, and to be fair to the present officeholders, potential candidates and the citizens of Texas, the court finds it necessary to modify the foregoing residence requirements.

Therefore, it is ORDERED that for the 2012 elections to the Texas House of Representatives and Texas Senate a person must be a resident of the district the person seeks to represent from December 15, 2011 until the date of the General Election, and it is,

It is further ORDERED that an incorrect precinct designation on an application for a place on the ballot shall not render the application invalid if the designation is corrected on or before December 19, 2011.

An application for a place on the ballot for the office of precinct chair shall not be invalid if filed more than 90 days before the end of the filing period.

#### Schedule

The Court hereby adopts and orders this procedure with respect to the 2012 Primary Election for federal, state, county and local offices. All those dates, deadlines or requirements not specifically adjusted by this order remain as required under state or federal law:

- a. The deadline for county chairs and state chairs to post notice of the dates of the candidate filing period in a public place in a building in which the chair has an office, as described in Texas Election Code § 141.040 is November 11, 2011.
- b. The first day to file an application for a place on the Primary Ballot as described in Texas Election Code § 172.023(b) shall be November 28, 2011.
- c. An application for a place on the general primary election ballot must be filed not later than 6 p.m. on December 15, 2011 as described in Texas Election Code § 172.023(a)
- d. The last day a vacancy for an unexpired term in an office of the state or county government may occur and appear on the primary ballot, as described in Texas Election Code § 202.004(a), is December 10, 2011.

- e. The deadline for the county chair (or secretary of the county executive committee) to post a notice on the bulletin board used for posting notices of the commissioners court's meetings, containing the address at which the county chair and secretary of the county executive committee will be available to receive applications on the last day for filing an application, as described in Texas Election Code § 172.022, is December 14, 2011.
- f. If a candidate withdraws, dies or is declared ineligible by December 16, 2011, the name is omitted from the primary ballot as described Texas Election Code §§ 172.057 & 172.058.
- g. The deadline for state chair to deliver certified list of statewide and multi-county district candidates to each county chair, as described in Texas Election Code § 172.028(b), is December 19, 2011.
- h. Deadline for a write-in candidate for the office of county or precinct chair to file a declaration of write-in, as described in Texas Election Code § 171.0231(d), is December 19, 2011.
- i. The deadline for the state or county chair, as applicable, to receive applications for a place on the general primary election ballot for an unexpired term for a vacancy in an office of the state or county government that occurs on or before December 10, 2011, as described in Texas Election Code § 202.004(b) is December 19, 2011.
- j. The deadline for county executive committee to conduct drawing for candidate order on ballot at the county seat (unless committee provides by resolution that primary

committee is to conduct drawing), as described in Texas Election Code § 172.082(c), is December 20, 2011.

- k. The deadline the state chair shall deliver the chair's list to the secretary of state, and each county chair shall deliver a copy of the chair's list to the county clerk, the state chair, and the secretary of state as described in Texas Election Code § 172.029(c), is December 22, 2011.
- l. If changes in county election precinct boundaries are necessary to give effect to a redistricting plan under Article III, Section 28, of the Texas Constitution, each commissioners court shall order the changes before December 13, 2011, as described in Texas Election Code § 42.032.
- m. On or before January 13, 2012, the registrar shall issue a voter registration certificate to each voter in the county whose registration is effective on the preceding November 14 and whose name does not appear on the suspense list, as described in Texas Election Code § 14.001.

Therefore, it is ORDERED that for the 2012 elections for federal, state, county and local officers shall proceed as required under state and federal law except as provided for above. The State of Texas through the Secretary of State shall deliver an exact duplicate of this order to all election officials and county chairs, to the extent possible, within three days. The order shall also be posted by the Secretary of State on its website and the official election calendar as posted on the Secretary of State's website shall be updated to reflect the terms of this order. The political parties shall deliver this order and notice thereof to county party chairs without delay.

SIGNED this 7 day of November 2011.

Article V. Judicial Department

Vernon's Ann. Texas Const. Art. 5, § 18

§ 18. Division of counties into precincts; election of constable and justice of the peace; county commissioners and county commissioners' court

Effective: November 5, 2002

Currentness

Sec. 18. (a) Each county in the State with a population of 50,000 or more, according to the most recent federal census, from time to time, for the convenience of the people, shall be divided into not less than four and not more than eight precincts. Each county in the State with a population of 18,000 or more but less than 50,000, according to the most recent federal census, from time to time, for the convenience of the people, shall be divided into not less than two and not more than eight precincts. Each county in the State with a population of less than 18,000, according to the most recent federal census, from time to time, for the convenience of the people, shall be designated as a single precinct or, if the Commissioners Court determines that the county needs more than one precinct, shall be divided into not more than four precincts. Notwithstanding the population requirements of this subsection, Chambers County and Randall County, from time to time, for the convenience of the people, shall be divided into not less than two and not more than six precincts. A division or designation under this subsection shall be made by the Commissioners Court provided for by this Constitution. Except as provided by this section, in each such precinct there shall be elected one Justice of the Peace and one Constable, each of whom shall hold his office for four years and until his successor shall be elected and qualified; provided that in a county with a population of less than 150,000, according to the most recent federal census, in any precinct in which there may be a city of 18,000 or more inhabitants, there shall be elected two Justices of the Peace, and in a county with a population of 150,000 or more, according to the most recent federal census, each precinct may contain more than one Justice of the Peace Court. Notwithstanding the population requirements of this subsection, any county that is divided into four or more precincts on November 2, 1999, shall continue to be divided into not less than four precincts.

(b) Each county shall, in the manner provided for justice of the peace and constable precincts, be divided into four commissioners precincts in each of which there shall be elected by the qualified voters thereof one County Commissioner, who shall hold his office for four years and until his successor shall be elected and qualified. The County Commissioners so chosen, with the County Judge as presiding officer, shall compose the County Commissioners Court, which shall exercise such powers and jurisdiction over all county business, as is conferred by this Constitution and the laws of the State, or as may be hereafter prescribed.

(c) When the boundaries of justice of the peace and constable precincts are changed, each Justice and Constable in office on the effective date of the change, or elected to a term of office beginning on or after the effective date of the change, shall serve in the precinct in which the person resides for the term to which each was elected or appointed, even though the change in boundaries places the person's residence outside the precinct for which he was elected or appointed, abolishes the precinct for which he was elected or appointed, or temporarily results in extra Justices or Constables serving in a precinct. When, as a result of a change of precinct boundaries, a vacancy occurs in the office of Justice of the Peace or Constable, the Commissioners Court shall fill the vacancy by appointment until the next general election.

(d) When the boundaries of commissioners precincts are changed, each commissioner in office on the effective date of the change, or elected to a term of office beginning on or after the effective date of the change, shall serve in the precinct to

§ 18. Division of counties into precincts; election of..., TX CONST Art. 5, § 18

---

which each was elected or appointed for the entire term to which each was elected or appointed, even though the change in boundaries places the person's residence outside the precinct for which he was elected or appointed.

(e) The office of Constable is abolished in Mills County, Reagan County, and Roberts County. The powers, duties, and records of the office are transferred to the County Sheriff.

(f) The Legislature by general law may prescribe the qualifications of constables.

(g) [Deleted].

(h) The commissioners court of a county may declare the office of constable in a precinct dormant if at least seven consecutive years have passed since the end of the term of the person who was last elected or appointed to the office and during that period of time no person was elected to fill that office, or during that period a person was elected to that office, but the person failed to meet the qualifications of that office or failed to assume the duties of that office. If an office of constable is declared dormant, the office may not be filled by election or appointment and the previous officeholder does not continue to hold the office under Subsection (a) of this section or Section 17, Article XVI, of this constitution. The records of an office of constable declared dormant are transferred to the county clerk of the county. The commissioners court may reinstate an office of constable declared dormant by vote of the commissioners court or by calling an election in the precinct to reinstate the office. The commissioners court shall call an election to reinstate the office if the commissioners court receives a petition signed by at least 10 percent of the qualified voters of the precinct. If an election is called under this subsection, the commissioners court shall order the ballot for the election to be printed to permit voting for or against the proposition: "Reinstating the office of Constable of Precinct No. \_\_\_\_\_ that was previously declared dormant." The office of constable is reinstated if a majority of the voters of the precinct voting on the question at the election approve the reinstatement.

§ 42.005. Relationship to Wards, Districts, and Justice and Commissioners Precincts

Currentness

(a) A county election precinct, including a consolidated precinct, may not contain territory from more than one of each of the following types of territorial units:

- (1) a commissioners precinct;
- (2) a justice precinct;
- (3) a congressional district;
- (4) a state representative district;
- (5) a state senatorial district;
- (6) a ward in a city with a population of 10,000 or more; or
- (7) a State Board of Education district.

(b) If application of this section conflicts with application of Section 42.006, this section prevails.

(c) In this section, "ward" means a territorial unit of a city, regardless of its designation under other law, from which a member of the city's governing body is elected by only the voters residing in the territorial unit.

(d) County election precincts are not required to comply with Subsection (a)(6) if:

- (1) the commissioners court by order recorded in its minutes determines that compliance is impracticable because of the requirements of a federal court order affecting elections in the county; and

(2) not later than January 1 of each year, the voter registrar furnishes to each political subdivision affected by the federal court order that is authorized or required to hold elections in the county during that year a list of registered voters for each election precinct used in the political subdivision's elections.

Currentness

A commissioners court may not establish a county election precinct containing territory inside a city with a population of 10,000 or more and unincorporated territory outside that city unless the commissioners court determines that either of the two areas:

- (1) cannot constitute a separate election precinct of suitable size or shape that contains the permissible number of voters; or
- (2) cannot be combined with other territory on the same side of the city boundary to form an election precinct of a suitable size or shape that contains the permissible number of voters without causing another election precinct to fail to meet those requirements.

V.T.C.A., Election Code § 42.033

§ 42.033. Effective Date of Boundary Change

Currentness

(a) A change in a county election precinct boundary takes effect on the first day of the first even-numbered voting year following the voting year in which the change is ordered.

(b) Except as provided by Subsection (c), for a boundary change under Section 42.031(b), the commissioners court may order an earlier effective date than that prescribed by Subsection (a) if:

(1) an election for an officer of a territorial unit under Section 42.005(a) is scheduled or may be scheduled to be held before the effective date of the change under Subsection (a) and the territorial unit contains the election precinct as changed; and

(2) the voter registrar has sufficient time to correct the registration records before the effective date of the change.

(c) A change in a county election precinct boundary may not take effect on a date occurring between the date of the general primary election and the date of the general election for state and county officers unless the change is necessary to:

(1) comply with Section 42.005 after a boundary change made under Article V, Section 18, of the Texas Constitution;

(2) include within a precinct a suitable building available for use as a polling place if no suitable building is available for that purpose within the existing precinct boundary; or

(3) comply with a court order.

Currentness

(a) Each polling place shall be accessible to and usable by the elderly and persons with physical disabilities. To be considered accessible, a polling place must meet the standards established under Article 9102, Revised Statutes, including the following standards:

- (1) the polling place must be on the ground-level floor or be accessible from the ground-level floor by an elevator with doors that provide an opening of at least 36 inches in width;
- (2) doors, entrances, and exits used to enter or leave the polling place must have a minimum width of 32 inches;
- (3) any curb adjacent to the main entrance to a polling place must have curb cuts or temporary nonslip ramps;
- (4) any stairs necessary to enter or leave the polling place must have a handrail on each side of the stairs and a nonslip ramp; and
- (5) the polling place may not have a barrier that impedes the path of a person with physical disabilities to the voting station.

(b) The commissioners court shall provide a polling place that complies with Subsection (a) in each county election precinct. The site shall be made available for use as a polling place on every day that an election may be held within the precinct by any authority that holds elections. The commissioners court may make expenditures from either the general fund or the permanent improvement fund to bring an existing county-owned site into compliance with Subsection (a).

(c) The governing body of each political subdivision that holds elections shall cooperate with the commissioners court in its respective county in implementing this section and is subject to the same requirements for compliance as prescribed by Subsection (b). If the authority holding an election rejects a county-designated polling place that is available and chooses to use a different site of its own designation, it shall provide a polling place that complies with Subsection (a) at its own expense. A political party that is holding a primary election may not reject an available county-designated polling place without the prior consent of the secretary of state.

§ 81.021. Change in Precinct Boundaries

Currentness

(a) A commissioners court that orders a change in the boundaries of commissioner or justice precincts may specify in its order an effective date of the change that is not later than January 1 following the next general election. An election for precinct office occurring after the date that the order is issued but before the effective date of the change in boundaries shall be held in the precincts as they will exist on that effective date. A person who has resided in the area included in a new precinct for the period required for eligibility to hold office is not made ineligible on the ground that the precinct has not existed for that period.

(b) The term of office of a commissioner, justice of the peace, or constable who holds office at the time a change in precinct boundaries becomes effective is not affected by the change, regardless of whether the change places the officer's residence outside the precinct for which the officer was elected. The officer is entitled to serve for the remainder of the term to which the officer was elected.

July 29, 2011

10:00A.M.

2011-097

Polk County Courthouse, 3rd floor

Livingston, Texas

Pursuant to Chapter 552 of the Texas Government Code, notice is hereby given that the Commissioners Court of Polk County, Texas will convene in special session on the 29<sup>th</sup> day of July 2011, at 10:00 a.m. in the Polk County Courthouse, to receive public comment on redistricting of county election, justice of the peace and commissioners court precincts. Following the public hearings, the Commissioners Court will take up for consideration and possible action one or more alternative plans for the redistricting of County Commissioners Court precincts. The Court reserves the right to take any and all appropriate action regarding the redistricting of Polk County political boundaries, including the acceptance of new boundaries for the Commissioners Court precincts, modification of any boundaries, and/or tabling the pending proposals for later consideration and/or action.

The public is invited to attend and participate in these meetings. Those wishing to address the Court should sign a speakers request form provided for this purpose. Each speaker will be asked to come before the Court, to identify themselves, their address, and the Commissioners Court precinct and Election Precinct they reside within. Comments should be reasonably concise and to the point. Questions will be answered, but the Court will not permit argument or excessive discussion of any particular topic. The hearing will be conducted under rules of judicial decorum. A tape recording will be made of this hearing. Your comments will be transcribed and included with the submission of the proposed changes to existing Commissioners Court precincts to the United States Department of Justice.

(En Español);

En cumplimiento con el Capítulo 552 del Código de Gobierno de Texas, por medio de la presente se da Aviso de que la Corte de Comisionados del Condado de Polk se reunirá en sesión especial el día 29 de julio 2011, a las 10:00 am en el Condado de. Del Condado de Polk para recibir comentarios del público sobre la nueva delimitación de precintos electorales, de Juez de Paz y de la Corte de Comisionados. Seguido de la audiencia pública, la Corte de Comisionados pondrá a consideración y posible acción uno o más planes alternativos para la nueva delimitación de los precintos de la Corte de Comisionados del Condado. La Corte se reserva el derecho de tomar toda y cualquier acción apropiada con respecto a la nueva delimitación de la división política del Condado de Polk, incluyendo la aceptación de nuevos límites para los precintos de la Corte de Comisionados, la modificación de cualquier límite, y/o posponer las propuestas pendientes para su posterior consideración y/o acción.

Se invita al público a asistir y participar en esta asamblea. Las personas que deseen dirigirse a la Corte deberán firmar un formulario de solicitud para oradores que se proporciona para este fin. A cada orador se le pedirá presentarse ante la Corte, identificarse, dar su dirección y el precinto de la Corte de Comisionados y Precinto Electoral al que pertenecen. Los comentarios deberán ser razonablemente concisos y al punto. Las preguntas serán contestadas, pero la Corte no permitirá controversias ni discusiones excesivas de un tema en particular. La audiencia se llevará a cabo bajo las reglas del decoro judicial, y se grabará la audiencia en una cinta. Sus comentarios se transcribirán e incluirán con la presentación de los cambios propuestos a los precintos existentes de la Corte de Comisionados ante el Departamento de Justicia de los Estados Unidos.

COPY

Polk County Courthouse, 3rd floor

Livingston, Texas

2011-097

Pursuant to Chapter 552 of the Texas Government Code, notice is hereby given that the Commissioners Court of Polk County, Texas will convene in special session on the 29<sup>th</sup> day of July 2011, at 10:00 a.m. in the Polk County Courthouse, to receive public comment on redistricting of county election, justice of the peace and commissioners court precincts. Following the public hearings, the Commissioners Court will take up for consideration and possible action one or more alternative plans for the redistricting of County Commissioners Court precincts. The Court reserves the right to take any and all appropriate action regarding the redistricting of Polk County political boundaries, including the acceptance of new boundaries for the Commissioners Court precincts, modification of any boundaries, and/or tabling the pending proposals for later consideration and/or action.

The public is invited to attend and participate in these meetings. Those wishing to address the Court should sign a speakers request form provided for this purpose. Each speaker will be asked to come before the Court, to identify themselves, their address, and the Commissioners Court precinct and Election Precinct they reside within. Comments should be reasonably concise and to the point. Questions will be answered, but the Court will not permit argument or excessive discussion of any particular topic. The hearing will be conducted under rules of judicial decorum. A tape recording will be made of this hearing. Your comments will be transcribed and included with the submission of the proposed changes to existing Commissioners Court precincts to the United States Department of Justice.

(En Español);

En cumplimiento con el Capítulo 552 del Código de Gobierno de Texas, por medio de la presente se da Aviso de que la Corte de Comisionados del Condado de Polk se reunirá en sesión especial el día 29 de julio 2011, a las 10:00 am en el Condado de Polk para recibir comentarios del público sobre la nueva delimitación de precintos electorales, de Juez de Paz y de la Corte de Comisionados. Seguido de la audiencia pública, la Corte de Comisionados pondrá a consideración y posible acción uno o más planes alternativos para la nueva delimitación de los precintos de la Corte de Comisionados del Condado. La Corte se reserva el derecho de tomar toda y cualquier acción apropiada con respecto a la nueva delimitación de la división política del Condado de Polk, incluyendo la aceptación de nuevos límites para los precintos de la Corte de Comisionados, la modificación de cualquier límite, y/o posponer las propuestas pendientes para su posterior consideración y/o acción.

Se invita al público a asistir y participar en esta asamblea. Las personas que deseen dirigirse a la Corte deberán firmar un formulario de solicitud para oradores que se proporciona para este fin. A cada orador se le pedirá presentarse ante la Corte, identificarse, dar su dirección y el precinto de la Corte de Comisionados y Precinto Electoral al que pertenecen. Los comentarios deberán ser razonablemente concisos y al punto. Las preguntas serán contestadas, pero la Corte no permitirá controversias ni discusiones excesivas de un tema en particular. La audiencia se llevará a cabo bajo las reglas del decoro judicial, y se grabará la audiencia en una cinta. Sus comentarios se transcribirán e incluirán con la presentación de los cambios propuestos a los precintos existentes de la Corte de Comisionados ante el Departamento de Justicia de los Estados Unidos.
