LIST OF TRANSPORTATION INFRASTRUCTURE PROJECTS (Prioritized List)

Make sure to prioritize your county's projects and put them in order of most importance to least importance. Total project cost will equal the total grant as reflected in the application (including engineering, right-of-way and utility costs, construction, inspection, etc., as applicable).

TxDOT District:

Lufkin

Economically Disadvantaged:

Yes

If your county is an "economically disadvantaged county" as determined by Transportation Code 222.053, the State Share will be 90% of the allowable Total Project Cost. If your county is not "economically disadvantaged," the State Share will be 80%. Upon selection of county name from drop down list, economically disadvantaged status populates automatically. A list of economically disadvantaged counties can be found at <http://ftp.dot.state.tx.us/pub/tdot/rpd/cul/2020/edc.pdf>.
