Per our conversation this morning, I have been made aware that the City of Corrigan has no record of "Voss" as a road in the City. I am deleting Voss and making it an extension of W Fifth St (which will now connect at the North/West corner with W Fourth St. Please see the map shot provided. Please e-mail me back if you are in agreement that Voss should be removed to become an extension of W Fifth St and I will get it corrected in Commissioner Court and in the Key Map Books: Thanks
