Dear Polk County

The Texas Commission on Environmental Quality requires that all public water systems maintain an easement of one hundred fifty feet (150') surrounding the well site for sanitary and safety reasons.

We are respectfully asking that you sign the included Sanitary Control Easement or denial letter. Please return documentation to our office. The TCEQ is asking us to correspond with you on this issue.

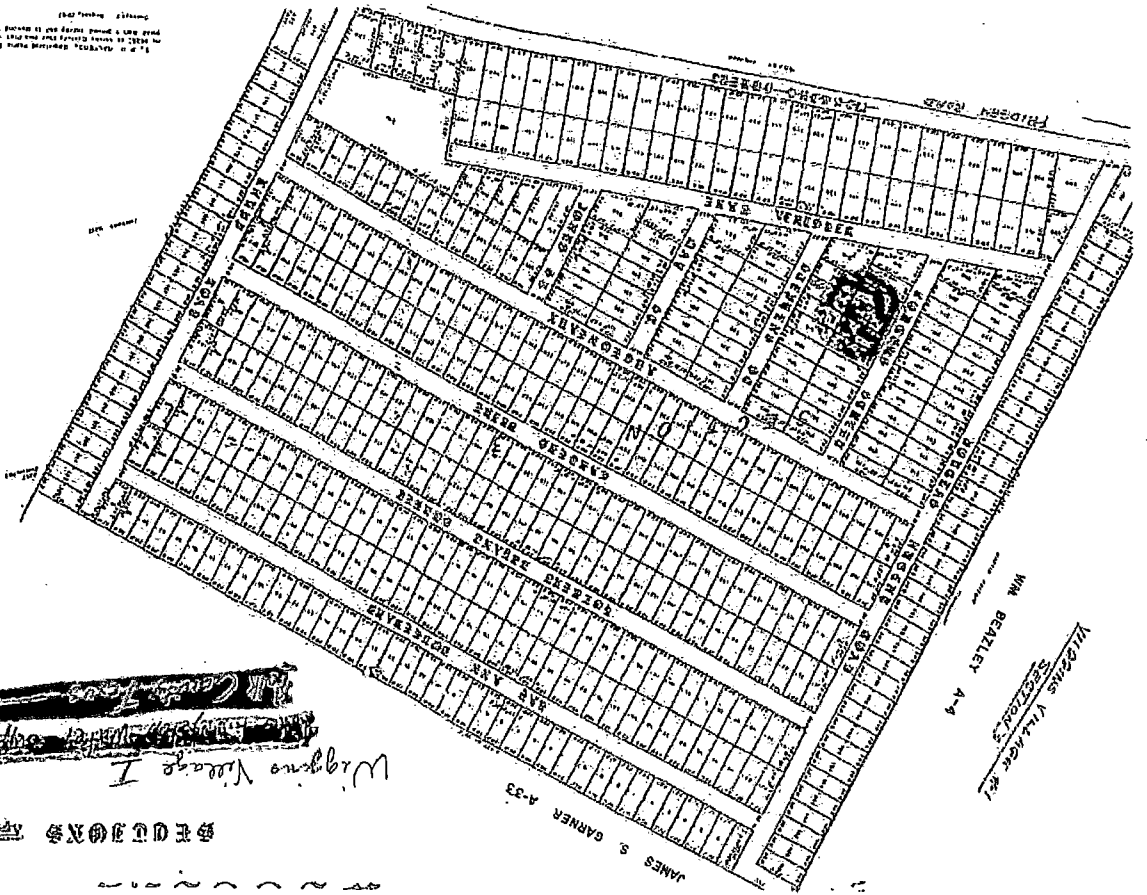

Should you or your staff have questions? Please contact Boyd McDaniel at our office.

Sincerely,

Kim Click, General Manager

SANITARY CONTROL EASEMENT:

Purpose, Restrictions, and Uses of Easement:

1. The purpose of this easement is to protect the water supply of the well described and located below by means of sanitary control.
2. The construction, existence, and/or operation of the following within a 150-foot radius of the well described and located below are prohibited: septic tank or sewage treatment perforated drainfields; areas irrigated by low dosage, low angle spray on-site sewage facilities; absorption beds; evapotranspiration beds; abandoned, inoperative or improperly constructed water wells of any depth; underground petroleum and chemical storage tanks or liquid transmission pipelines; sewage treatment plants; sewage wet wells; sewage pumping stations; drainage ditches which contains industrial waste discharges or wastes from sewage treatment systems; animal feed lots; solid waste disposal sites, landfill and dump sites; lands on which sewage plant or septic tank sludge is applied; lands irrigated by sewage plant effluent; military facilities; industrial facilities; wood -treatment facilities; liquid petroleum and petrochemical production, storage, and transmission facilities; Class 1, 2, 3, 4 and 5 injection wells; pesticide storage and mixing facilities; and all other constructions or operations that could pollute the groundwater sources of the well that is the subject of this easement. For the purpose of this easement, improperly constructed water wells are those wells which do not meet the surface and subsurface construction standards for a public water supply well.
3. The construction, existence and/or operation of tile or concrete sanitary sewers, sewer appurtenances, septic tanks, storm sewers, cemeteries, and/or the existence of livestock in pastures is specifically prohibited within a 50-foot radius of the water well described and located below.
4. This easement permits the construction of Roads and Roadways and allows maintenance as needed upon the Grantor's property, and farming and ranching operations, as long as all items in Restrictions Nos. 2 and 3 are recognized and followed.

The Grantor's property subject to this Easement is described in the documents recorded at: of the Real Property Records of Polk County, Texas.

PROPERTY SUBJECT TO EASEMENT:

All of that area within a 150-foot radius of the water well located at Rodgers Street at the West side of Lots 307, 309, 311, 313, 315, 317 and 318 in Wiggins Village 1 in the County Records, Polk County, Texas.

TERM:

This easement shall run with the land and shall be binding on all parties and persons claiming under the Grantor(s) for a period of two years from the date that this easement is recorded; after which time, this easement shall be automatically extended until the use of the subject water well as a source of water for public water systems ceases.

ENFORCEMENT:

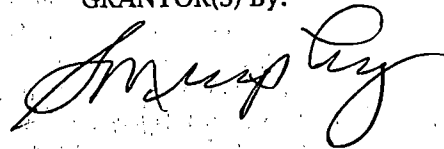

Enforcement of this easement shall be proceedings at law or in equity against any person or persons violating or attempting to violate the restrictions in this easement, either to restrain the violation or to recover damages.

INVALIDATION:

Invalidation of any one of these restrictions or uses (covenants) by a judgment or court order shall not affect any of the other provisions of this easement, which shall remain in full force and effect.

FOR AND IN CONSIDERATION, the Grantor does hereby grant and convey to Grantee and to its successors and assigns the sanitary control easement described in this easement.
