

Becky,

The updated quote on the 70.X 70 portable projection screen is \$399.00.

It's my understanding that this goes to commissioners court next as a capital expenditure purchase and when/if approved than I will be able to get the PO # to order.

Let me know you if need anything else from me.

Good morning. I need something a little different. I need a quote on an item in the book to get the exact price. I have to send this one to commissioner's court for approval before I can get the PO #.
