---

**May 4, 2022**

**To Whom it May Concern,**

**We would like to inform you that unfortunately we are having to increase our prices due to the sudden increase in the cost of the materials we use.**

**We have tried to prevent this price increase for as long as possible because of course we want to provide our services at a competitive price. However, the recent increase in the price of the materials is now too great for us to absorb, and we regrettably have no choice other than to implement a slight increase.**

**See Attachment**

**If you have any questions, please don't hesitate to call Danny or Cindy Christian on 936-646-3684**

**Thank you for your understanding.**

**Yours Sincerely,**

*Cindy Christian*

<b>Alternate Application B</b>			
Reclaim existing roadway, mix portland cement, 6" deep at 30 pounds per sq yd.		\$12.60	\$14.49
First course: Apply RC-250 asphalt at .20 gallons per sq yd, covered with type B grade 5 aggregate at 120 sq yds to 1 cu yd in place.			
Second Course: Apply AC-15P or AC20XP at .32 gallons per sq yd, covered with type PB grade 4 aggregate at 115 sq yds to 1 cu yd.			
Aggregate will be compacted until properly sealed in asphalt and all loose aggregate will be swept.			
All material, labor and equipment shall meet TXDOT specs, item 316 surface treatment and item 275 portland cement stabilization			
<b>Alternate Application C</b>			
First course: Apply RC-250 asphalt at .20 gallons per sq yd, covered with type B grade 5 aggregate at 120 sq yds to 1 cu yd in place.		\$6.20	\$7.13
Second Course: Apply AC-15P or AC20XP at .32 gallons per sq yd, covered with type PB grade 4 aggregate at 115 sq yds to 1 cu yd.			
Aggregate will be compacted until properly sealed in asphalt and all loose aggregate will be swept.			
All material, labor and equipment shall meet TXDOT specs, item 316 surface treatment and item 275 portland cement stabilization			

May 10, 2022

Dear Valued Customer,

We appreciate your continued partnership with East Texas Asphalt. Since 1958, our goal has been to supply the highest quality materials for your construction products throughout East Texas, and to continue building strong relationships with old and new customers.

ETA's prices will increase beginning July 1, 2022 for aggregate and base products. In addition, an On-Highway Diesel Fuel Surcharge will be implemented on all products FOB our plants and materials yards. Please review the attached "Exhibit A" for details. Without a fully executed Sales Agreement dated on or before May 10, 2022, no price protection is available. The following increases will be implemented FOB all of our plants and rail terminals in the East Texas market.

Aggregate Products

- Crushed Aggregate and Industrial Sand \$2.50 per ton
- Limestone Base - Commercial \$2.25 per ton
- Granite Base - SB2, SB3 \$2.25 per ton
- Limestone Base - TxDOT \$4.00 per ton
- Pea Gravel \$5.00 per ton
- Oversize Rock - 1x3, 3x5 \$3.50 per ton
- Rip Rap Stone \$3.50 per ton

ETA values our relationship with you, and we appreciate your business. If you have any questions, please contact your sales representative or myself.

Exhibit "A"

East Texas Asphalt Co., Ltd Highway Diesel Fuel Surcharge

May 2022

East Texas Asphalt Co., Ltd's Fuel Surcharge Program is based on the Department of Energy (DOE) On-Highway Diesel Fuel Price (US Average). Information on the surcharge is below and continued on the following sheets.

This fuel surcharge program will apply as follows:

- 1) Fuel surcharge will be adjusted on a monthly basis.
- 2) The basis for the surcharge will be determined by the US Average price of On-Highway Diesel Fuel for a calendar month.
- 3) In the event that the average monthly price of Retail On-Highway Diesel fuel meets or exceeds \$4.00 per gallon the surcharge will apply.
- 4) When the average DOE price drops below \$4.00 per gallon, no surcharge will apply.
- 5) The surcharge will be billed to all applicable shipments beginning the 2<sup>nd</sup> month following the month on which the DOE average price calculation was based.
- 6) Surcharge may be adjusted from time to time.
- 7) If the DOE average goes above \$7.00 per gallon, additional charges may be incurred.
