<p>Dalmatian Fire Equipment, LLC sells cleaned and tested Self-Contained Breathing Apparatus and related equipment. When needed, Dalmatian completes repairs of all pressurized components using only OEM repair parts specified by the manufacturer for use in the SCBA model sold. Repairs and tests are made following the SCBA manufacturer's published technical repair procedures. All SCBA are flow tested to manufacturer's specifications using Honewell calibrated POSICHEK 3 machines. Dalmatian does not mix parts across brands. Dalmatian does not substitute parts from one model into another model. Dalmatian is not a manufacturer certified dealer. Dalmatian offers OEM cylinders for use with SCBA's, and is a DOT certified Hydrostatic Test facility. Dalmatian may offer non-OEM DOT certified cylinders to customers who accept responsibility for using cylinders that may not have original NIOSH certification for use with a specific SCBA brand or model. Dalmatian repairs harnesses and head-straps with Kevlar thread, NOMEX material and Kevlar straps matching OEM materials. Dalmatian's experienced technicians have tested and sold more than 50,000 SCBA packs since 2007 without a recall or safety incident.</p> <p>SALES TAX CAN ONLY BE REMOVED FROM THIS ORDER UPON DALMATIAN'S RECEIPT OF A CURRENT SALES TAX EXEMPTION CERTIFICATE PRIOR TO ORDER SHIPMENT.
