Polk County
Re: Capital purchase of court benches for JP3

We have a need for new benches to replace our 1970's mustard yellow chairs in the courtroom. This purchase was approved for the FY2023 budget, along with a new office desk for myself. Unfortunately, benches or pews are extremely expensive. The best alternative we have found that will last and hold up are the Guest waiting chairs attached. They would need to be ordered through Walmart.com and paid for with a county credit card. We believe nine of them would serve our needs for an estimated \$1791.00.

Sincerely,

A handwritten signature in black ink that reads "Robert Johnson".

Justice of the Peace Pct 3
