This is a formal agreement between customer (Polk County Precinct 4) and provider (Stone Metal Works Inc.) that both parties are of agreement of services provided. The services that are to be rendered are rebuild front end, replace bushings and shims on circle turn, replace bushing of all pivot points, reseal valve body check and inspect all oil leaks from the engine, pull control valves, reseal and check hoses running from control valves, install new windshield wipers, replace door seals and window seals, replace tie rods, fix coolant leak on thermostat housing, replace turbo, press square tubing straight on the front end, replace hoses on the front end cylinders, reseal tandem axle and housings for rear end, replace U joint on the pump drive, reseal blade cylinders, replace lift arm bushing, reseal steering cylinder, install wheel studs to the ones that are missing, check airline from compressor, replace seat and floor mat, take the radiator off and clean or replace the radiator, replace slide rail bushings and brakes on the blade, service engine as well as transmission and hydraulic systems (all fluids are to be supplied from customer), and replace the floorboard. Though more parts and services may be rendered. Under this circumstance, after further inspection, we will notify the customer (Polk County Precinct 4) of the problem and ask how they would like to proceed. From what we know needs to be done,

the parts are \$48,876.80. Prices of parts are subject to change. We predict the job will be 400 hours at a \$150.00 rate. Upon the completion of the job, if the hours are less than 400, we will charge the current hour at which job was completed vice versa if the job exceeds 400 hours. We request a third up front, a third around the middle mark of the job, finally the remaining amount upon inspection from the customer (Polk County Precinct 4).

If there are any questions or concerns please feel free to reach out to me at 281-433-3623.

If meet in agreement please sign and date below and return with signed copy.
