**I. PURPOSE**

The purchasing policy for Polk County has four (4) objectives:

1. To obtain goods and services as economically as possible.
2. To obtain the goods and services that are best suited to the particular needs of County departments.
3. To ensure the timely delivery of goods and services and avoid interruption of governmental operations.
4. To ensure that purchasing procedures conform to State Law, County Policies, and are budget compliant.

**II. APPLICATION**

This policy is intended to provide guidance for all county elected officials and internal offices governed by the Commissioner's Court of Polk County, excluding road & bridge commissioners. It also encompasses any departments for which the County holds fiduciary responsibility.

**III. DEFINITIONS**

**FIXED ASSETS** – Any asset leased, purchased or owned by the County that has an operating value of \$500 or more.

**FORMAL BID** – Bids for purchases made according to Chapter 262 of the Local Government Code requiring consideration by the Commissioner's Court, advertisement for bids and formal specifications.

**POLK COUNTY, TEXAS**  
**PURCHASING AND CREDIT CARD POLICY AND PROCEDURES MANUAL**

**REQUESTOR** – Elected official, department head or employee that is authorized to make purchases.

**IV. REQUISITION/REQUISITION EXEMPTIONS**

The following types of goods and services will not require a Requisition:

- Fuel
- Contracted Services
- County-Wide Bids
- Court Ordered Vouchers
- Conference Registrations
- Hotel Reservations
- Inmate Medical Expenses
- Legal Notices
- Repair and Maintenance for vehicles, buildings and IT equipment
- Bonds
- Monthly Leases
- Travel Reimbursements
- Utility Bills (to include Telephone)
- Membership Dues
- Subscriptions
- Insurance Premiums

**V. PURCHASING GUIDELINES**

In order to obtain the best price in the most efficient manner, purchases will be divided into the following four (4) categories. Unless an emergency situation exists (described in Section IX), all purchases must be made as follows:

1. \$9,999 or less – Requires a Requisition.
2. \$10,000–\$24,999 – Requires quotations from at least three (3) vendors **or** eligible proposal from a qualified purchasing cooperative member and a Requisition.
3. \$25,000–\$49,999 – Requires quotations from at least three (3) vendors **or** eligible proposal from a qualified purchasing cooperative member, Commissioner’s Court approval and a Requisition.
4. \$50,000 and over – Requires formal sealed competitive bids **or** eligible proposal from a qualified purchasing cooperative member as specified by Chapter 262 of *The Texas Local Government Code*, Commissioner’s Court approval and a Requisition.

The County will contract annually for supplies and materials for which we spend more than \$50,000 per year. These purchases and contracts that have been bid and approved by Commissioner’s Court are exempt from requiring a Requisition. The Purchasing / Procurement Coordinator will maintain copies of all annual bid contracts and make them available upon request.

Purchases of supplies and materials that the County has made through cooperative purchasing agreements are governed by these policies and procedures, except that formal sealed competitive bids as specified by Chapter 262 of the *LGC* do not apply.

**Purchases made on behalf of the County are subject to the following:**

A Requisition will be required prior to any purchase being made regardless of the amount. All vendors have been notified that a Requisition Number or a copy of the Requisition must be presented to indicate the authorization to make the purchase.

**POLK COUNTY, TEXAS**  
**PURCHASING AND CREDIT CARD POLICY AND PROCEDURES MANUAL**

**If a Requisition is not obtained prior to a purchase, the County will assume no responsibility unless other arrangements have been made with the Purchasing / Procurement Coordinator.**

**VI. THE PURCHASE REQUEST**

The purpose of a Requisition is to indicate the needs of the requesting department, to correctly identify the goods or services requested and will serve as the **approval** for the purchase of those goods or services requested in the amount of \$500 or more.

The Requestor should initiate, prepare, and email a Requisition Request to the Purchasing / Procurement Coordinator at [purchasing@co.polk.tx.us](mailto:purchasing@co.polk.tx.us)

The Requisition Request should be received by the Purchasing / Procurement Coordinator far enough in advance of the date the goods and services are required to allow for proper review and preparation of the Requisition.

Provide the vendor name on the Requisition Request email. If the vendor is not on the approved vendor list, the Purchasing / Procurement Coordinator will require a W-9 to be submitted and will verify the vendor is eligible before a Requisition may be prepared.

Item Description should be as detailed as possible to include size, color, type, grade, etc. When necessary, additional information may be stated in the body of the email.

If exact pricing is not available, provide the estimated unit price for each item to be purchased and calculate a grand total based on that estimate.

Indicate the appropriate budget account code for each item. If coding issues arise, the Requestor will be notified of any coding changes prior to the creation of the Requisition.

Please keep in mind that the submission of a Requisition Request will also be considered as the department head's **approval** for the purchase of the goods or services requested.

The Purchasing / Procurement Coordinator will charge the proper budget account code with the purchase. If sufficient funds are not available, the Requisition Request will be returned to the Requestor with possible options.

Requisitions should not be issued for account codes that do not have a positive budget balance. Where funds are not available, a line item transfer may be initiated through the Auditor and must receive Commissioner's Court Approval. The Department Head may be asked to be present at Commissioner's Court to answer any questions regarding the line item transfer. Except in the case of an emergency, the Purchasing / Procurement Coordinator will not issue a Requisition until funds are available in the budget account code to be charged.

The County Purchasing / Procurement Coordinator will propose revisions to the Requisition as to the quantity, quality, or estimated costs. With the approval of the requesting department, such revisions will be made.

A receipt or invoice must be turned in via email to [Purchasing@co.polk.tx.us](mailto:Purchasing@co.polk.tx.us) and cc [auditors.office@co.polk.tx.us](mailto:auditors.office@co.polk.tx.us) with a payment voucher for the items authorized in the Purchase Request as soon as possible. Payment will not be made until such receipt/invoice is received.

**POLK COUNTY, TEXAS

**VII. THE REQUISITION**

A Requisition is the seller's authorization to invoice and ship the goods or services specified. The invoice will be checked against the Requisition by the Purchasing / Procurement Coordinator. All Requisitions will be generated concisely and clearly to avoid any possible misunderstandings.

A Requisition for purchase in the amount of \$500.00 or greater will be issued by the Purchasing / Procurement Coordinator only. A standard computer-generated Requisition will be issued for all non-contracted goods or services upon receipt of request to the Purchase / Procurement Coordinator. Once verified for accuracy, the Requisition will be signed by the County Purchasing / Procurement Coordinator before it is released. The Requisition should then be submitted by the Requestor to the Vendor at the time the order is placed.

**VIII. EMERGENCY PURCHASES**

Emergency Purchases should be limited as much as possible by anticipating needs far enough in advance that regular purchasing procedures, as outlined in the previous sections, may be followed.

The Emergency Purchase is made by the Requestor, with the approval of the department head, and is allowed only to keep buildings and machinery in operating condition when their idleness would result in an expense to the County. An Emergency Purchase may also be made for extreme emergency cases involving public health and welfare.

**Emergency Purchases will be classified in the following two categories:**

1. Emergency Outside Normal Business Hours
  - i. In such instances, the department must take necessary action to obtain the needed goods or services. If, however, the department is aware that the purchase involves an expenditure of \$5,000 or more, a reasonable effort must be made to contact the County Judge or designated representative and notify them that the emergency exists.
  - ii. Emergency Purchases after-hours will be limited to the Road and Bridge Departments, Maintenance Department, Sheriff's Department, Jail, and Emergency Management.
2. Emergency During Business Hours
  - i. The Requestor will initiate an Emergency Purchase by contacting the Purchasing / Procurement Coordinator, notifying them of the nature of the emergency, and requesting a Requisition number. The Requestor will give this Requisition number to the Vendor and secure a sales ticket or receipt for the purchase.

The sales ticket or receipt should be submitted to the Purchasing / Procurement Coordinator not later than the end of the following business day.

Efforts should be made to obtain the best possible price when making an emergency purchase and when possible, purchased from a vendor who has previously supplied the same or similar goods and services.

**POLK COUNTY, TEXAS**  
**PURCHASING AND CREDIT CARD POLICY AND PROCEDURES MANUAL**

**IX. INSPECTING AND RECEIVING**

The receiving department will inspect, check, and count the merchandise received to ensure that it conforms as to quantity, quality and specifications on the Requisition.

Upon receipt of merchandise and after inspection, the Requestor will confirm that all merchandise was properly received by replying to the purchasing@co.polk.tx.us email where the Requisition was received.

If the receiving department does not accept the merchandise because of failure to meet the specifications in the Requisition and an acceptable resolution cannot be reached, they will immediately contact the Purchasing / Procurement Coordinator and state their reasons for withholding acceptance. The Purchasing / Procurement Coordinator will then take immediate action to compel replacement by the Vendor or cancel the order.

Polk County does not pay for invoiced items not received. If a partial shipment is received, the receiving department should attempt to contact the Vendor and receive the merchandise before the invoice can be submitted for payment. If contact with the Vendor is unsuccessful, the receiving department should then contact the Purchasing / Procurement Coordinator for resolution with the Vendor.

**X. FIXED ASSET PURCHASES/DISPOSALS:**

The County will maintain an inventory of all fixed assets in accordance with Generally Accepted Accounting Principles (GAAP), including governmental Accounting Standards Board (GASB) Pronouncement Number 34, and this policy.

The purpose of this policy is to ensure that consistent and proper procedures are followed in the recognition of assets held and/or owned by Polk County. Records of all fixed assets will be maintained in such a manner to sufficiently safeguard these items as public investments and to assure stewardship of all such assets held in public trust.

Fixed assets costs consist of all expenditures necessary to acquire and make the purchase ready for its intended use. The following costs are to be considered as part of the total: purchase amount (before trade-in allowance), shipping and freight, and installation. Tangible items calculated at \$500 or more will be labelled with a County Property tag that includes a sequential number. Each elected official or department head is responsible for ensuring that assets are tracked and secured in a manner that is most likely to prevent theft, loss, damage, and misuse of assets.

Each elected official or department head shall maintain control over property less than a value of \$500 that is considered high risk. High risk items may include but not be limited to weapons, electronics, tools, and computer peripherals.

Lost or stolen property must be reported immediately to the County Auditor's Office. The Auditor's Office will then contact the Purchasing / Procurement Coordinator so adjustments can be made to the assets on record.

Major repairs to machinery or equipment will be added to the original assets cost if such repairs meet the following criteria:

1. The total cost of repairs exceeds twenty percent of the original acquisition cost and is not due to accidental damage; or

**POLK COUNTY, TEXAS**  
**PURCHASING AND CREDIT CARD POLICY AND PROCEDURES MANUAL**

2. The total cost of repairs is \$500 or more, and the repairs result in extending the life of the asset ie. a motor overhaul or a new transmission.

**Change in Elected Official or Department Head:**

When an elected official or department head leaves their County employment, arrangements must be made with the County Auditor to perform an inventory far in advance to ensure that the inventory can be taken before the termination date. The County Auditor will provide to the Commissioner's Court a full report, noting discrepancies between property actually located and property listed on the inventory.

**Donated Property:**

All assets, services, or material received via donation or contribution (with the exception of meals and allowable gifts), regardless of source, must be evaluated and approved by Commissioner's Court. These items shall be reported to the Purchasing / Procurement Coordinator immediately upon receipt to possibly adjust the assets on record.

Proper recording of these assets is essential as some contributed assets, such as those received from the Federal Government, must be tracked at several levels and improper disposition of these assets could have penalties or a negative impact upon the County's ability to participate in a program.

**Disposal of salvage or surplus property (LGC 263.151 subchapter D):**

The Commissioner's Court of Polk County must approve all disposals of fixed assets prior to disposal. After approval, a complete fixed assets disposal form should be submitted to the Purchasing / Procurement Coordinator. A copy of this form may be obtained from the Purchasing / Procurement Office.

**Methods that assets may be disposed of:**

1. **Authorized**
  - a. Auctions – The sale of surplus or obsolete assets that have been inspected by other departments for possible use.
  - b. Recycled or Trashed – Recycling the asset or disposing of an asset in the garbage.
2. **Unauthorized**
  - a. Theft – An asset that has been removed from a location without permission.

When possible, prior to disposing of the assets, decals and other identifiers that identify the asset as part of Polk County must be removed. Once the asset is disposed of, it will be removed from the County's Fixed Assets System and in turn removed from the corresponding department's inventory.
