

POLK County Drug and Alcohol Testing Policy and Procedures

Introduction

1A - EMPLOYEE SAFETY

Polk County is committed to providing a safe workplace for our employees.

Each County employee must adhere to the general safety standards established for all employees and comply with their departmental safety requirements. Safety procedures may differ in each county department. Your supervisor will provide you with specific information pertaining to your position.

Failure to follow the safety standards set by the County or your supervisor subjects an employee to disciplinary action, up to and including termination.

Employees seeing unsafe working conditions shall either take steps to correct those conditions or report the unsafe conditions to their supervisor.

1B - DRUG AND ALCOHOL- ALL EMPLOYEES

Polk County is a drug and alcohol-free workplace. A county employee may not be present at work during a period in which the employee's ability to perform their duties is impaired by drugs or alcohol. The County believes that a drug and alcohol-free workplace will help ensure a healthy, safe, and secure work environment.

This policy applies to all employees of Polk County regardless of rank or position and shall include full-time, part-time and temporary employees. The only exception to this policy is the possession of controlled substances by law enforcement personnel as part of their law enforcement duties.

An employee may not unlawfully manufacture, distribute, dispense, possess, sell, purchase, or use a controlled substance or drug paraphernalia on County property or while conducting County business on County property.

An employee may not be under the influence of alcohol or illegal drugs while on County property or while on duty for the County.

An employee may not possess or use unauthorized prescription or over-the-counter drugs while on County property or while on duty for the County. An employee may not use prescription or over-the-counter drugs while on County property or while on duty for

the County in a manner other than that intended by the manufacturer or prescribed by a physician.

An employee may use prescription and over-the-counter drugs in standard dosage or according to a physician's prescription if the use will not impair the employee's ability to do their job safely and effectively. An employee must keep prescription medications used at work in their original container.

An employee taking prescribed or over-the-counter medications is responsible for consulting the prescribing physician or a pharmacist to determine if the medication could interfere with the safe and effective performance of their job duties.

If the use of a medication could compromise an employee's ability to do their job or the safety of the employee, fellow employees or the public, the employee must report the condition to their supervisor at the start of the workday or use appropriate personnel procedures (e.g., call in sick, use leave, request change of duty).

A supervisor must treat any information related to an employee's authorized use of prescription medications and any other medical information provided by the employee as confidential information.

An employee having problems with drugs or alcohol is encouraged to seek treatment from a qualified professional. Information on benefits provided for treatment of alcohol and drug abuse problems provided by the County's health plan program is available in the employee's health plan booklet or from the Human Resources Office.

Any employee who violates this policy shall be subject to disciplinary measures up to and including termination.

An employee who voluntarily asks for time off to get treatment and recover from a drug or alcohol abuse problem will be given protections as required by law. Upon returning to work from a bona fide inpatient treatment facility, the employee will be subjected to a volunteer drug testing program as often as monthly until there is evidence the employee no longer abuses controlled substances or alcohol. Failure to comply with the requirements of the post rehabilitative program, including refusing the volunteer testing program, may result in termination. The post rehabilitative program will last for as long as two years. If the employee tests positive or refuses the volunteer drug test at any time during this post rehabilitative program, the employee may be terminated.

Polk County will drug test employees who ARE NOT CDL license holders under the following conditions:

Pre-employment drug testing:

Polk County has a pre-employment drug testing requirement that must be passed post offer before an employee starts their first day of work. All offers of employment are conditional upon passing a drug and alcohol test. The employee will sign a consent waiver.

Suspicion-Based Testing:

It is recommended that supervisors receive training to recognize signs of substance abuse. **Training is mandatory for supervisors overseeing employees with a Commercial Driver's License (CDL).**

When a supervisor suspects an employee of substance abuse due to observable behaviors, they must document specific observations (e.g., speech, appearance, odors) that suggest impairment. The supervisor should immediately report the suspicion to HR or an authorized official to initiate testing procedures.

The employee will be required to undergo drug or alcohol testing following reasonable suspicion protocols. An employee found to be Under the Influence is subject to disciplinary action by their supervisor, up to and including termination. Under the Influence shall be defined as having a blood alcohol concentration of .02 or more.

Reasonable Suspicion: If an employee is having work performance problems or displaying behavior that may be alcohol or drug related, or is otherwise demonstrating conduct that may be in violation of this drug and alcohol policy where immediate action is necessary, the elected official or supervisor will require that employee to submit to alcohol or drug test. The following conditions might be signs of possible alcohol or drug use (not an all-inclusive list):

- Abnormally dilated or constricted pupils
- Glazed stare – redness of eyes (sclera)
- Flushed face
- Change of speech (faster, slower, slurred)
- Constant sniffing
- Increased absences
- Redness under nose
- Sudden weight loss
- Needle Marks
- Change in personality (i.e. paranoia)
- Increased appetite for sweets
- Forgetfulness, performance faltering, poor concentration
- Borrowing money from co-workers or seeking an advance of pay or other unusual display of need for money
- Constant fatigue or hyperactivity
- Smell of alcohol
- Difficulty walking
- Excessive, unexplained absences
- Dulled mental processes
- Slow reaction rate

Elected Officials or supervisors must take action if they believe one or more of the above conditions are indicated and that substance abuse is affecting their employee's job performance or behavior. The following steps will be taken:

1. Confront the employee involved and keep them under direct observation until the situation is resolved. Inform the employee of the problem with their job performance and specific violations of the County Policy.
2. If the supervisor believes, after observing or talking to the employee, that the conduct or performance problem could be due to substance abuse, the employee will be immediately required to submit to a drug or alcohol test. If the employee refuses to submit to testing for any reason, the employee may be terminated.
3. Employees will be asked to release any evidence, such as alcohol or drug paraphernalia, relating to the observation for further testing. Failure to comply may subject the employee to subsequent discipline, up to and including termination. All confiscated evidence will be receipted for with signatures of either the elected official or supervisor as well as the employee.
4. The elected official or supervisor will **remove** the employee from the county workstation and ensure that the employee is transported to an appropriate collection site and thereafter to the employee's residence. Under no circumstances will the employee be allowed to drive a vehicle until a confirmed negative test result is received.
5. The elected official or supervisor shall, within 24 hours or before the results of the controlled substance test are released, document the particular facts related to the behavior or performance problems and present such documentation to the Human Resources Office for filing.

Post-Accident Testing: All employees directly involved in an on-the-job accident or incident resulting in property damage and/or medical treatment may be required to be tested. This will be at the discretion of their elected official or supervisor.

Testing Procedures

1. The employee will be escorted and driven to the designated facility for specimen collection and/or testing.
2. The employee will be required to follow the drug testing protocol of the medical facility providing the testing.
3. If the employee desires another test to be given, they may do so within 2 hours of the specimen being collected and the same specimen will be used. The cost of this request will be paid for by the employee. All initial costs will be paid for by Polk County.
4. The employee will be placed on paid administrative leave until the results of the test are known. The elected official or supervisor will make arrangements to ensure that the employee is safely returned to their residence.
5. Under no circumstances, unless required or authorized by law, will alcohol or drug testing information be released without written consent from the employee.

Each employee is expected to cooperate and consent to a drug test when requested under the terms of this policy. Refusal to consent to a drug and/or alcohol test when requested is cause for termination.

Any employee who violates this drug and alcohol policy may be terminated.

A detailed policy and procedure manual is available at the Human Resources office or on the Polk County Website.

1C- DRUG & ALCOHOL - CDL EMPLOYEES

Drivers are an extremely valuable resource for the County's business. Their health and safety are a serious County concern. Drug or alcohol use may pose a serious threat to driver health and safety. It is, therefore, the policy of Polk County to prevent substance use or abuse from having an adverse effect on our drivers and those around them. The County maintains that the work environment is safer and more productive without the presence of alcohol, illegal or inappropriate drugs in the body or on County property. Furthermore, drivers have a right to work in an alcohol and drug-free environment and to work with drivers free from the effects of alcohol and drugs. Drivers who abuse alcohol or use drugs are a danger to themselves, those around them, and the County's assets.

The adverse impact of substance abuse by drivers has been recognized by the federal government. The Federal Motor Carrier Safety Administration ("FMCSA") has issued regulations, which require the County to implement a controlled substance testing program. The County will comply with these regulations and is committed to maintaining a drug-free workplace. All drivers are advised that remaining drug-free and medically qualified to drive are conditions of continued employment with the County.

Specifically, it is the policy of Polk County that the use, sale, purchase, transfer, possession or presence in one's system of any controlled substance (except medically prescribed drugs) by any driver while on County premises, engaged in County business, while operating County equipment, or while under the authority of the County is strictly prohibited. "FMCSA" stated that mandatory testing must apply to every person who operates a commercial motor vehicle in interstate or intrastate commerce and is subject to the CDL licensing requirement.

The execution and enforcement of this policy will follow set procedures to screen body fluids (urinalysis) conduct breath testing, and/or search all driver applicants for alcohol and drug use, and those drivers suspected of violating this policy who are involved in a U.S. Department of Transportation (DOT) reportable accident or who are periodically or randomly selected pursuant to these procedures. These procedures are designed to detect violations of this policy and to ensure fairness to each driver. Every effort will be made to maintain the dignity of drivers or driver applicants involved.

Neither this policy nor any of its terms are intended to create a contract of employment or to contain the terms of any contract of employment. Polk County retains the sole right to change, amend or modify any term or provision of this policy without notice. This policy is effective May 14, 2024, and will supersede all prior policies and statements relating to alcohol or drugs for CDL drivers.

This policy outlines the responsibilities of employees, supervisors and managers with regard to drug and alcohol testing of employees in safety-sensitive positions in accordance with U.S. Department of Transportation regulations, issued under the Omnibus Transportation Employee Testing Act of 1991.

Policy Statement

It is the policy of the Polk County to comply fully with the regulations mandating pre-employment, random, reasonable suspicion and post-accident and follow-up drug and alcohol testing in accordance with regulations issued by the U.S. Department of Transportation. This policy applies to employees whose job requires them to obtain and retain a Commercial Drivers' License (CDL) and operate a Commercial Motor Vehicle (CMV). Positions and employees covered by this Policy shall be referred to herein as "CDL positions" and "CDL employees" respectively.

It is the policy of Polk County to comply with the U.S. Department of Transportation, FMCSA Clearinghouse, a secure online database that provides employers with real-time information about CDL driver drug and alcohol program violations. Polk County will conduct electronic queries as required by FMCSA's drug and alcohol use testing program, for checking CDL driver violation histories. Drivers may view their own records. Employees must provide a consent form from the CDL holder to conduct Limited and Specific inquiries.

This policy contains the requirements of the regulations, except where indicated that a particular provision is based on the authority of Polk County, as follows:

- The performance of safety-sensitive functions is prohibited by CDL employees having a breath alcohol concentration of 0.02 percent or greater as indicated by an alcohol breath test; by employees using alcohol or within four hours after using alcohol; and by employees in the possession of any medication containing alcohol unless the package seal is unbroken. In addition, Polk County prohibits the performance of any safety-sensitive function by an employee with a breath alcohol concentration of .02 percent or greater.
- Use of controlled substances by CDL employees covered by the Policy is prohibited and is in accordance with the regulations issued by the U.S. Department of Transportation.
- A CDL employee is performing a safety-sensitive function at the following times:

- All time on county property, public property, or other property waiting to be dispatched to drive;
- All time inspecting, servicing, or conditioning any CMV at any time;
- All CMV driving time;
- All time other than driving time in or upon any CMV;
- All time loading or unloading a vehicle, supervising or assisting in the loading or unloading, attending a vehicle being loaded or unloaded, remaining in readiness to operate the vehicle, or in giving receipts for shipments loaded or unloaded;
- All time spent performing driver requirements relating to accidents; and
- All time repairing, obtaining assistance, or remaining in attendance upon a disabled vehicle.

Definitions

Accident: An accident is defined as an incident involving a commercial motor vehicle in which there is either a fatality, an injury treated away from the scene, or a vehicle being required to be towed from the scene.

Alcohol: The intoxicating agent in beverage alcohol, ethyl alcohol, or other low molecular weight alcohol including methyl and isopropyl alcohol.

Alcohol concentration (or content): The amount of alcohol in a volume of breath expressed in terms of grams of alcohol per 210 liters of breath as indicated by an evidential breath test under this part.

Breath Alcohol Technician (BAT): A person who instructs and assists individuals in the alcohol testing process and operates an evidential breath testing device (EBT).

Clearinghouse: A secure online database that gives the county real-time information about CDL driver drug and alcohol program violations.

Collection site: A place where individuals present themselves for the purpose of providing breath, body fluid to be analyzed for alcohol or specified controlled substances. The site must possess all necessary personnel, materials, equipment, facilities and supervision to provide for the collection, security, temporary storage, and transportation of shipment of the samples to a laboratory.

Commercial Driver's License (CDL): A special license required of drivers who drive Commercial Motor Vehicles which meets the following criteria:

- Meets or exceeds 26,001 lbs. gross vehicle weight; or
- Transports 16 or more passengers, including the driver; or
- Transports hazardous materials as determined by the Hazardous Materials Act, 49 USC 5101, and are required to placard the vehicle under the Hazardous Materials Regulations, 49 CFR chapter I, subchapter C.

Commercial Motor Vehicle (CMV): Any self-propelled or towed vehicle used on a highway, any roadway or passage which may be available to public transportation at any time, whether on private or public property, in interstate or intrastate commerce to transport passengers or property when the vehicle:

- Has a gross vehicle weight rating or gross combination weight rating of 26,001 lbs. or more, whichever is greater, inclusive of a towed unit(s) with a gross vehicle weight rating or gross vehicle weight of more than 10,000 pounds; or
- Is designed to transport 16 or more passengers, including the driver; or
- Is of any size and is used in the transportation of hazardous materials as determined by the Hazardous Materials Transportation Act, 49 USC 5101, and which require the motor vehicle to be placarded under the Hazardous Materials Regulations, 49 CFR chapter I, subchapter C.

Confirmation Test: For alcohol testing, a second test, following a screening test with a result of 0.02 grams or greater of alcohol per 210 liters of breath that provides quantitative data of alcohol concentration. For controlled substances testing, a second analytical procedure to identify the presence of a specific drug or metabolite which is independent of the screen test in order to ensure reliability and accuracy.

Controlled substance has the meaning assigned by *21 U.S.C. 802* and includes all substances listed on Schedule I through V as they may be revised from time to time (*21 CFR 1308*).

Designated Employer Representative (DER): An employee authorized by Polk County to take immediate action(s) to remove employees from safety-sensitive duties, or cause employees to be removed from these covered duties, and to make required decisions in the testing and evaluation processes. The DER also receives test results and other communications for the County, consistent with the requirements of *49 CFR Part 40.3*.

Driver: Any person who operates a commercial motor vehicle. This includes, but is not limited to full time, regularly employed drivers; casual, intermittent or occasional drivers; leased drivers and independent, owner-operator contractors who are directly employed by or under lease to the County or who operate a commercial motor vehicle at the direction of or with the consent of Polk County. For the purposes of pre-employment/pre-duty testing only, the term "driver" includes a person applying for a position with Polk County, which requires a CDL to drive a commercial motor vehicle.

Drug: Any substance (other than alcohol) that is a controlled substance as defined in this section and *49 CFR Part 40*.

Evidential Breath Testing device (EBT): A device approved by the National Highway Traffic Safety Administration ("NHTSA") for the evidential testing of breath at the 0.02 and 0.04 alcohol concentrations, placed on NHTSA's "Conforming Products List of

Evidential Breath Measurement Devices" ("CPL"), and identified on the CPL as conforming with the model specifications available from NHTSA's Traffic Safety Program.

Medical Review Officer (MRO): A licensed physician responsible for receiving and reviewing laboratory results generated by the county's drug testing and for evaluating medical explanations for certain drug test results.

On duty time: All time from the time a driver begins to work or is required to be in readiness to work until the time he/she is relieved from work and all responsibility for performing work. "On duty time" shall include:

1. All time on the County's premises, at a carrier or shipper plant, terminal or facility, or other property, or on any public property, waiting to be dispatched, unless the driver has been released from duty by the County.
2. All time inspection, servicing, or conditioning any commercial motor vehicle at any time;
3. All driving time;
4. All time, other than driving time, in or upon any commercial motor vehicle except time spent resting in a sleeper berth;
5. All time loading or unloading a vehicle, supervising, or assisting in the loading or unloading, attending a vehicle, or in giving or receiving receipts for shipments loaded or unloaded;
6. All time spent performing the driver requirements relating to accidents;
7. All time repairing, obtaining assistance, or remaining in attendance upon a disabled vehicle.

Performing a Safety-Sensitive Function: Any period in which the driver is actually performing, ready to perform, or immediately able to perform any safety-sensitive functions.

Safety-Sensitive Function: Any of the seven on-duty functions set forth in *49 CFR Part 395.2*, On-duty time, listed below:

- All time at a carrier or shipper plant, terminal, facility, or other property, waiting to be dispatch, unless the driver has been relieved from duty by the employer.
- All time inspecting equipment as required by the Federal Motor Carrier Safety Regulations, or otherwise inspecting, servicing, or conditioning any commercial motor vehicle at any time.
- All time spent at the driving controls of a commercial motor vehicle.
- All time, other than driving time, spent on or in a commercial motor vehicle.

- All time loading or unloading a commercial motor vehicle, supervising, or assisting in the loading or unloading, attending a vehicle being loaded or unloaded, remaining in readiness to operate the vehicle, or in giving or receiving receipts for shipments loaded or unloaded.
- All time spent performing the driver requirements associated with an accident.
- All time repairing, obtaining assistance, or remaining in attendance upon a disabled vehicle.

Screening test:

- In alcohol testing it means an analytical procedure to determine whether a driver may have a prohibited concentration of alcohol in his or her system.
- In controlled substance testing it means an immunoassay screen to eliminate negative urine specimens from further consideration.

Substance Abuse Professional (SAP): A person who evaluates employees who have violated a DOT drug and alcohol regulation and makes recommendations concerning evaluation, treatment, follow-up testing, and after-care.

Responsibilities

HR Office: HR Director is responsible for the following Drug and Alcohol Screening compliance activities:

- Ensure each employee required to have a CDL participates in an appropriate drug and alcohol testing program in accordance with DOT regulations. All results will be kept and maintained on file by Human Resources Office pursuant to county policy.
- Review all driver qualification forms and documents for completeness and compliance.
- Maintain Driver Qualification files includes mandatory drug testing information (for drivers operating a vehicle with a GVWR of 26,001 lbs. or more' a vehicle requiring a placarding for hazardous materials; or a vehicle designed to transport 16 or more passengers including the driver)
- Use the DOT Clearinghouse to make queries regarding CDL drivers' violations, as well as, updating Clearinghouse after a CDL driver has completed drug and alcohol testing in accordance with DOT regulations.

Supervisor/Department: The duties of the driver's supervisor or his/her department include:

- Active participation in the hiring process for employees who drive CMVs, which includes:
 - Ensuring all offers of employment shall be contingent upon successful conformation of prior employment, driving record, completion of physical, drug and alcohol testing, and other DOT requirements for drivers.

- Ensuring the post-offer applicant obtains his/her CDL drug testing.
- Informing and requiring CDL drivers to submit a urine sample for drug/alcohol testing at the designated medical and/or collection facility when the supervisor suspects that the driver is under the influence of drugs or alcohol, pursuant to DOT regulations and County policy, and
 - Contact Human Resources Department as soon as possible following the incident, and
 - Complete the Supervisors Reasonable Suspicion Form.
- Compliance with DOT regulations

Driver: The responsibilities of a driver include:

- Avoid the use of non-prescribed drugs and alcohol while conducting safety-sensitive activities, and to comply at all times with county policy.
- Submit a sample for drug or alcohol testing when called upon to do so by his/her supervisor, including random testing for CDL drivers, pursuant to county policy (see "Refusal to Submit Form").

SUBSTANCE PROHIBITED/PRESCRIPTION MEDICATIONS

A. Alcohol use means the consumption of any beverage, mixture, or preparation, including any medications containing alcohol which, when consumed causes an alcohol concentration of **0.02 or greater**.

B. **Controlled Substance:** In accordance with FHWA rules, urinalyses will be conducted to detect the presence of the following substances:

Marijuana

Cocaine

Amphetamines

Phencyclidine (PCP)

Opioids (codeine, heroin, morphine, oxycodone, oxymorphone, hydrocodone, hydromorphone)

C. **Prescription Medications:** Drivers taking legally prescribed medication issued by a licensed health care professional familiar with the driver's work-related responsibilities must report such use to their immediate supervisor and may be required to present written evidence from the health care professional which describes the effects such medications may have on the driver's ability to perform his/her tasks.

In the sole discretion of the Alcohol and Drug Program Administrator, a driver may be temporarily removed, with pay, from a safety-sensitive position if deemed

appropriate.

PROHIBITIONS

A. Alcohol Prohibitions:

The new alcohol rule prohibits any alcohol misuse that could affect performance of a safety-sensitive function, including:

1. Use while performing safety-sensitive functions.
 2. Use during the 4 hours before performing safety-sensitive functions.
 3. Reporting for duty or remaining on duty to perform safety-sensitive functions with an alcohol concentration of **0.02 or greater**.
 4. Possession of alcohol, unless the alcohol is manifested and transported as part of a shipment. This includes the possession of medicines which contain alcohol (prescription or over-the-counter), unless the packaging seal is unbroken.
 5. Use during 8 hours following an accident or until he/she undergoes a post-accident test.
 6. Refusal to take a required test.
- **NOTE:** A driver found to have an alcohol concentration of 0.02 or greater shall not perform, on or be permitted to perform, safety-sensitive functions for at least 24 hours. The other consequences imposed by the regulations and discussed below do not apply. ***However, documentation of this test constitutes written warning that County policy has been violated and could result in disqualification of a driver and disciplinary action, up to and including termination under Polk County policy.***

B. Drug Prohibitions:

The regulations prohibit any drug use that could affect performance of safety-sensitive functions, including:

1. Use of any drug, except by doctor's prescription, and then only if the doctor has advised the driver that the drug will not adversely affect the driver's ability to safely operate the CMV;

2. Testing positive for drugs; and
3. Refusing to take a required test.

All drivers will inform the Alcohol and Drug Program Administrator of any therapeutic drug use prior to performing a safety-sensitive function.

Procedures

Types of Tests: To the extent practicable, all tests will be conducted during employees' normally scheduled work hours. All testing required by this policy will be conducted in accordance with the Omnibus Transportation Employee Testing Act of 1991 and drug testing guidelines and regulations issued by the Department of Transportation. The following tests are required:

- **Pre-employment.** All applicants for employment in CDL positions, or candidates for transfer or promotion to such positions are subject to screening for improper use of controlled substances. (Pre-employment alcohol testing is optional) **Note:** A pre-employment drug test may be required for an existing employee who was removed from the random testing program for more than 30 days.
- **Post-Accident.** Conducted after accidents on CDL employees in County vehicles whose performance could have contributed to the accident, as determined by a citation for a moving traffic violation, and for all fatal accidents even if the driver is not cited for a moving traffic violation.
 - Alcohol tests should be conducted within 2 hours, but in no case more than 8 hours, after the accident.
 - CDL employees must refrain from all alcohol use until the test is complete.
 - Post-accident drug tests must be conducted within 32 hours.
- **Reasonable Suspicion.** Conducted when a trained supervisor or manager observes behavior or appearance that is characteristic of alcohol or illicit drug misuse.
 - If a CDL employee's behavior or appearance suggests alcohol or drug misuse, a reasonable suspicion test must be conducted.
 - If a test cannot be administered, the driver must be removed from performing safety-sensitive duties for at least 24 hours.
 - Testing for alcohol abuse must be based upon suspicion which arises just before, during or just after the time when the employee is performing safety-sensitive duties.
 - Testing for substance abuse may occur at any time upon suspicion.

The following conditions are signs of possible alcohol or drug use (not all-inclusive):

- Abnormally dilated or constricted pupils
 - Glazed stare - redness of eyes (sclera)
 - Flushed face
 - Change of speech (i.e. faster or slower)
 - Constant sniffing
 - Increased absences
 - Redness under nose
 - Sudden weight loss
 - Needle marks
 - Change in personality (i.e. paranoia)
 - Increased appetite for sweets
 - Forgetfulness-performance faltering-poor concentration
 - Borrowing money from co-workers or seeking an advance of pay or other unusual display of need for money
 - Constant fatigue or hyperactivity
 - Smell of alcohol
 - Slurred speech
 - Difficulty walking
 - Excessive, unexplained absences
 - Dulled mental processes
 - Slowed reaction rate
- **Random:** Conducted on a random, unannounced basis just before, during or after performance of safety-sensitive functions for alcohol or at any time for drugs.
 - Each year, the number of random alcohol tests conducted by the County must equal at least *10% of all the safety sensitive CDL employees.
 - Random drug tests conducted by the County must equal at least *50% of all CDL employees.

*Note: These percentages are subject to change. The FMCSA Administrator's decision to increase or decrease the minimum annual percentage rate for random alcohol and controlled substances testing will be applicable starting January 1 of the calendar year following publication in the **Federal Register**.
 - **Return to Duty and Follow-up.** Conducted when an individual who has violated the prohibited alcohol or drug standards returns to performing safety-sensitive duties. All positive tests require a negative test result in or for employee to return to duty.
 - Follow-up tests are unannounced and at least six (6) tests must be conducted in the first twelve (12) months after a driver returns to duty.
 - Follow-up testing may be extended for up to sixty (60) months following the return to duty.

Conducting Tests

- **Alcohol:** DOT rules require breath testing using evidential breath testing (EBT) devices.
 - Two breath tests are required to determine if a person has a prohibited alcohol concentration.
 - A screening test is conducted first. Any result less than 0.02 alcohol concentration is considered a "negative" test. If the alcohol concentration is 0.02 or greater, a second, confirmation test must be conducted

- **Drugs:** Drug testing is conducted by analyzing a driver's urine specimen, and must be conducted through a U.S. Department of Health and Human Services certified facility.
 - Specimen collection procedures and chain of custody requirements ensure that the specimen's security, proper identification and integrity are not compromised.
 - DOT rules require a split specimen procedure.
 - Each urine specimen is subdivided into two bottles labeled as primary and split.
 - Both bottles are sent to the laboratory.
 - Only the primary specimen is opened and used for the urinalysis.
 - The split specimen remains sealed at the laboratory.
 - If the analysis of the primary specimen confirms the presence of illegal controlled substances, the driver has 72 hours to request that the split specimen be sent to another DHHS certified laboratory for analysis.
 - All urine specimens are currently analyzed for the following drugs:
 - Marijuana (THC metabolite)
 - Cocaine
 - Amphetamines
 - Opioids (codeine, heroin, morphine, oxycodone, oxymorphone, hydrocodone, hydromorphone)
 - Phencyclidine (PCP)
 - Testing is conducted using a two-stage process.
 - First, a screening test is performed.
 - If the test is positive for one or more of the drugs, a confirmation test is performed for each identified drug.
 - Sophisticated testing requirements ensure that over-the-counter medications or preparations are not reported as positive results.
 - All drug tests are reviewed and interpreted by a physician designated as a Medical Review Officer (MRO) before they are reported to the County.
 - If the laboratory reports a positive result to the MRO, the MRO will contact the driver and conduct an interview to determine if there is

an alternative medical explanation for the drugs found in the urine specimen.

- For all the drugs listed above, except PCP, there are some limited, legitimate medical uses that may explain a positive test result. The MRO will take into consideration when the use is pursuant to the instructions of a physician who has advised the driver that the substance does not adversely affect the driver's ability to safely operate a commercial motor vehicle.
- If the MRO determines that the drug use is legitimate, the test will be reported to the Designated Employer Representative as a negative result.

Refusal to Submit to an Alcohol or Drug Test and the Consequences

- Refusal to submit to an alcohol or controlled substances test means that a CDL employee:
 - Fails to provide adequate breath for testing without a valid medical explanation after he or she has received notice of the requirement for breath testing in accordance with the provisions of this policy,
 - Fails to provide adequate urine for controlled substances testing without a valid medical explanation after he or she has received notice of the requirement for urine testing in accordance with the provisions of this policy,
 - Refuses to wash his or her hands after being directed to do so during collection of a urine sample,
 - Admits to the collector of a urine sample that he or she has adulterated or substituted their specimen,
 - An observed collection of a urine sample, fails to follow the observer's instructions to raise his or her clothing above the waist, lower clothing and underpants, and to turn around to permit the observer to determine if he or she has any type of prosthetic or other device that could be used to interfere with the collection process,
 - Possesses or wears a prosthetic or other device that could be used to interfere with the collection process, or
 - Behaves in a confrontational way that disrupts the collection process or otherwise engages in conduct that clearly obstructs the testing process.
- CDL employees who refuse to submit to an alcohol or drug test are not allowed to perform safety-sensitive functions. Pursuant to the County's authority, CDL employees who refuse to submit to a test will be subject to discipline, up to and including discharge.

Consequences of Alcohol/Drug Misuse

- **CDL employees who engage in prohibited alcohol or drug conduct, who have any blood alcohol concentration of 0.02 or greater or test positive**

for drug use, who are tested just before, during, or just after performing safety-sensitive functions, must be immediately removed from performing such duties for a minimum of 24 hours.

- **Disciplinary action, up to and including termination, may be imposed upon a CDL employee who engages in prohibited alcohol or drug conduct, or a CDL employee who tests positive for alcohol use greater than 0.02 or drug use.**

1D- DRUG & ALCOHOL - Information/Training

All current and new employees will receive written information about the testing requirements and how and where they may receive assistance for alcohol or drug misuse.

All employees must receive a copy of this policy and sign the Confirmation of Receipt – see attachments.

All personnel responsible for supervising and managing CDL employees must attend at least two hours of training on alcohol and drug misuse symptoms and indicators used in making determinations for reasonable suspicion testing.

- Supervisors and managers will be instructed on the detection of abuse problems and the enforcement of the testing policy. Periodic, on-going training will also occur after implementation of the policy.

This policy will be posted on employee bulletin boards and will be available to all employees.

Educational information will be made available periodically which will focus on the potentially dangerous effects of drug and alcohol use and abuse, the procedures associated with pre-employment drug screening and "reasonable suspicion" testing, the effects on job performance measured in loss of productivity, and the potential safety hazards presented to the individual employee, other employees and the public.

All recruitment advertising will include the statement "Drug/alcohol screening is a condition of employment" at the bottom of the advertisement/posting with the EEO statement.

All final candidates for employment will be given a copy of this policy and be given the opportunity to read the policy in its entirety.

Record Keeping

Pok County will keep detailed records of its drug and alcohol program per DOT Regulations.

These records are confidential. Test results will only be released to the county, the substance abuse professional or the MRO. Any other release will only be made with written consent of the CDL driver or in response to court order.

All Polk County drug and alcohol test results for CDL employees will be updated in the DOT Clearinghouse online database as required by DOT regulation.

APPEAL OF TEST RESULTS

Alcohol and drug abuse may not only threaten the safety and productivity of all employees of Polk County but cause serious individual health consequences to those who use them. Any confirmed actions prohibited by this policy while performing a safety-sensitive function or refusing to take a breath test will be grounds for termination. Refusal may be defined as not providing a breath sample or urine as directed, neglecting to sign appropriate control forms, using alcohol within 8 hours of an accident, or engaging in conduct that clearly obstructs the testing process.

Any driver testing positive for the presence of a controlled substance will be contacted by the County's MRO. The driver will be allowed to explain and present medical documentation to explain any permissible use of a drug. All such discussions between the driver and the MRO will be confidential. The County will not be a party to or have access to matters discussed between the driver and the MRO. If medically supportable reasons exist to explain the positive result, the MRO will report the test result to the County as a negative.

Within 72 hours after the driver has been notified of a positive test result for drugs he/she may request a retest at their expense of the split sample. This signed request will be provided to the MRO in writing, who will then initiate the new laboratory analysis. If a different result is detected by the subsequent laboratory, the test will be voided by the MRO, and the County's Alcohol and Drug Program Administrator will be notified. A retest may be initiated as appropriate.

VIII. CONFIDENTIALITY

Under no circumstance, unless required or authorized by law, will alcohol or drug testing information or results for any employee or applicant be released without written request from the applicable employee, except for the requirement to utilize the Clearinghouse, which is the DOT online database for drug and alcohol testing results.

Drivers are entitled, upon written request, to obtain copies of any records pertaining to the driver's use of alcohol or controlled substances, including any records pertaining to his/her alcohol or controlled substance tests. Copies will be provided within 5 days.

Collection of breath and urine samples must always be documented and sealed with a tamper-proof sealing system in the presence of the driver, to ensure that all tests can be correctly traced to the driver. Drug test analysis from the DHHS approved laboratory will be forwarded directly to the Medical Review Officer assigned by the Alcohol and Drug Program Administrator.

Alcohol test results will be forwarded by the MRO to the Alcohol and Drug Program Administrator for confidential record keeping.

**POLK COUNTY, TX DRUG AND/OR ALCOHOL TESTING CONSENT FORM
EMPLOYEE AGREEMENT AND CONSENT TO DRUG AND/OR ALCOHOL TESTING**

I hereby agree upon a request made under the drug/alcohol testing policy of Polk County to submit to a drug or alcohol test and to furnish a sample of my urine, breath, and/or blood for analysis. I understand and agree that if I at any time refuse to submit to a drug or alcohol test under company policy or if I otherwise fail to cooperate with the testing procedures, I will be subject to immediate termination. I further authorize and give full permission to have the Company and/or its company physician send the specimen or specimens so collected to a laboratory for a screening test for the presence of any prohibited substances under the policy and for the laboratory or other testing facility to release any and all documentation relating to such test to the Company and/or to the decision-maker of any governmental entity involved in a legal proceeding or investigation connected with the test. Finally, I authorize the Company to disclose any documentation relating to such a test to the decision-maker of any governmental entity involved in a legal proceeding or investigation connected with the test.

I understand that only duly authorized Company officers, employees, and agents will have access to information furnished or obtained in connection with the test, that they will maintain and protect the confidentiality of such information to the greatest extent possible, and that they will share such information only to the extent necessary to make employment decisions and to respond to inquiries or notices from government entities.

I will hold harmless Polk County, its company physician, and any testing laboratory Polk County might use, meaning that I will not sue or hold responsible such parties for any alleged harm to me that might result from such testing, including loss of employment or any other kind of adverse job action that might arise as a result of the drug or alcohol test, even if Polk County or laboratory representative makes an error in the administration or analysis of the test or the reporting of the results. I will further hold harmless Polk County, its company physician, and any testing laboratory Polk County might use for any alleged harm to me that might result from the release or use of information or documentation relating to the drug or alcohol test, as long as the release or use of the information is within the scope of this policy and the procedures as explained in the paragraph above.

This policy and authorization have been explained to me in a language I understand, and I have been told that if I have any questions about the test or the policy, they will be answered.

I UNDERSTAND THAT POLK COUNTY WILL REQUIRE A DRUG SCREEN AND/OR ALCOHOL TEST UNDER THIS POLICY WHENEVER I AM INVOLVED IN AN ON-THE-JOB ACCIDENT OR INJURY UNDER CIRCUMSTANCES THAT SUGGEST POSSIBLE INVOLVEMENT OR INFLUENCE OF DRUGS OR ALCOHOL IN THE ACCIDENT OR INJURY EVENT, AND I AGREE TO SUBMIT TO ANY SUCH TEST.
